Electric car charging fee goes into effect July 1

In July of 2014, the Town of Estes Park installed two electric vehicle chargers on the north side of the municipal parking lot. The chargers are located in two parking spaces designated by signs and the letters "EV" painted on the spaces. The car charging stations were made possible by a grant from the State of Colorado Energy Office, which also allowed the Town of Estes Park to cover the \$1.00 per hour charging fee during the first year of use. Beginning July 1, 2015 the cost will be \$1.00 per hour to charge an electric vehicle. It takes approximately three hours to charge a vehicle to 100 percent, and the spaces allow three hours maximum use time.

For more information on this project, please contact Kayla Downey at 970-577-3627. To receive Town news in your inbox please visit www.estes.org. More Town news is available at www.facebook.com/TownofEstesParkCO or www.twitter.com/TownofEstesPark.
