The City is hosting two community meetings to begin the process of rewriting the City's sign regulations. At each meeting, the City's consultant will: (1) explain the purpose of the rewrite and give a brief overview of the applicable law that affects the sign regulations; and (2) engage members of the community to identify preferences with respect to the types, sizes, locations, and numbers of signs in various areas of the City.

The presentations will be the same at both meetings. All are welcome to attend either or both meetings.
