ALT Fuels Colorado Grant Program Releases a Request for Application (RFA)

WHAT: The Colorado Energy Office (CEO) in partnership with the Regional Air Quality Council (RAQC), and the Colorado Department of Transportation (CDOT) will release a Request for Applications (RFA) through the “ALT Fuels Colorado” grant program for partial funding of compressed natural gas fueling station equipment, and co-located electric vehicle charging and propane auto gas station equipment.

The ALT Fuels Colorado RFA will be posted to the CEO’s website: www.colorado.gov/energy

WHO:

- * The Colorado Energy Office
- * The Regional Air Quality Council
- * The Colorado Department of Transportation

WHEN: Thursday, June 26, 2014, 1:00 p.m.

The ALT Fuels Colorado grant program is a partnership between CEO, RAQC and CDOT to increase the availability of alternative vehicle fueling infrastructure and remove barriers to the adoption of alternative fuel vehicles in Colorado.
