Company Applicant Certification

I hereby certify that the information provided on this document is true and complete to the best of my information, knowledge and belief.

- I understand that providing false information may cause my company's listed status to be revoked and may subject me to criminal proceedings and penalties.
- I authorize the State of Colorado and any agent acting on its behalf to conduct an inquiry into any information provided in this document or attachments to it, and I agree to cooperate with such inquiry to the best of my ability.
- I am the appropriate person to execute this document on behalf of this company.
- I understand that any conviction, plea bargain or plea of nolo contendere to any crime involving a violation of State or Federal environmental laws and regulations, including any violation of regulations governing Colorado's Petroleum Storage Tank Fund, shall disqualify a person or a company from performing remedial activities for which Fund reimbursement is sought.

On behalf of this company, I further certify that this company will perform the following to the best of its ability:

- Abide by all federal, Colorado, and local statutes, ordinances, regulations, guidelines, standards, practices, policies and other requirements pertaining to assessing and remediating petroleum contamination in soil and water.
- Notify the Division of Oil and Public Safety, in writing, within 30 days of any change in information provided in this document.
- Comply with Colorado's Reasonable Cost Guidelines. This includes providing to any client who may seek reimbursement from the Petroleum Storage Tank Fund a copy of the Guidelines, advising the client that any otherwise allowable costs billed at rates exceeding those set forth in the Guidelines will not be reimbursed at a rate higher than the Guidelines rate unless the Petroleum Storage Tank Committee considers the higher rate(s) to be justified, and submitting invoices that are compatible with the Guidelines.
- All activities billed at labor rates for a principal, senior engineer/scientist, project manager or project engineer/manager will be conducted by a listed environmental scientist. Attached is an application form for each individual employed by this company who has certified that he/she meets the qualifications of a listed environmental scientist.
- Not mark up materials or services provided by any company or person with whom this company has a financial interest.
