

Enhance your Efforts to Return to Work

The Colorado Department of Labor and Employment recognizes your extraordinary service to the people of the United States through your military service. We appreciate all you have done.

A Special Program for You

We are excited to be able to offer you a special program to help make your transition into the civilian workforce faster. This special program will allow you to count many of the services offered by the workforce centers towards the job contacts you must make each week to be paid unemployment benefits. For example, there are resources in our workforce centers that can help you translate your military skills and experience into skills for civilian positions.

Participation is completely your choice. We hope you choose to participate. If you do, go to coloradoui.gov/returntowork. A valid email address is required because we will send you additional information.

Workforce Center Services

Our workforce centers have many specialized services to help you get back to work. These include:

- One-on-one assistance
- Assistance with writing a resume
- Tips for polishing your interviewing skills
- Labor market information
- Education and training assistance
- Workshops to prepare you for jobs
- Job fairs and hiring events

If you do not want to participate in the program, you will still have full access to the services at the workforce centers.

We wish you the best of success as you transition into the civilian workforce. These are some links that may be of use to you.
