This exhibition features photographs of all 26 of Colorado Scenic and Historic Byways. Colorado's Scenic Byways program protects and promotes roadways that offer recreational, educational, and economic benefits to Coloradans and visitors. These byways unite communities and the stories of their collective past. The byways are located in 48 of Colorado's 65 counties and provide access to eight National Forests and two National Grasslands; eight National

Monuments; two National Historic Sites; two National Heritage Areas; two National Wildlife Refuges; two National Recreation Areas; 13 National Recreation Trails; and four National Parks—Black Canyon of the Gunnison, Great Sand Dunes, Mesa Verde (a World Heritage Site), and Rocky Mountain National Park. Driving these byways, travelers can experience and be inspired by treasured places throughout the state.

The art exhibition program, Creative Capitol, celebrates Colorado artists by displaying rotating art exhibitions at the State Capitol. Exhibitions are sponsored by Colorado Creative Industries, a division of the Office of Economic Development and International Trade. Colorado Creative Industries exists to manage the opportunity for the creative sector to complement economic development in Colorado. The mission of Colorado Creative Industries is to promote, support and expand the creative industries to drive Colorado's economy, grow jobs and enhance our quality of life.
