Conflict of Interest Disclosure

The Department requires that Pharmacy and Therapeutics (P&T) Committee applicants disclose any financial or other affiliation with organizations that may have a direct or indirect interest in the business in front of the Committee.

A financial interest may include, but is not limited to, being a shareholder in the organization; being on retainer with the organization; or having research or honoraria paid by the organization.

An affiliation may include holding a position on an advisory committee or some other role or benefit to a supporting organization.

The existence of such relationships will not automatically preclude an individual from being invited to join the P&T Committee.

Please check the box of the statement that best applies.
