# EHEALTH COMMISSION MEETING

JULY 13, 2016

# AGENDA

<b>Call to Order and Welcome</b> Roll Call, Introductions, and Announcements <i>Michelle Mills, Chair</i>	1:00
<b>Old Business</b> Approval of May and June Minutes Summary of June Commission Meeting <i>Matt Benson, North Highland</i>	1:05
<b>New Business</b> Open Conversation with the Commission on its Decision Making Process <i>Jason Greer and Marc Lassaux, Vice Chairs</i>	1:20
Overview of Health IT Roadmap Efforts <i>Laura Kolkman, Mosaica</i> <i>Bob Brown, Mosaica</i>	2:15
Review of Requested Deliverables <i>Carol Robinson, CedarBridge Group</i> <i>Chris Underwood, HCPF</i>	2:35
<b>Public Comment Period</b>	2:50
<b>August Agenda, Closing Remarks, and Adjourn</b> <i>Michelle Mills</i>	2:55

## WHAT ARE WE TRYING TO ACHIEVE TODAY?

- Discuss outcomes from June Commission meeting; determine follow ups
- Discuss the Colorado Health IT Roadmap; what to expect
- Continue dialogue on Commission's role and future priorities
  - Outcome: Set meeting outcomes for remainder of 2016
  - Outcome: Identify potential projects to include on the roadmap
- Provide feedback on value propositions

## PREPARATION FOR SHARED DECISION MAKING

### Question

What are your concerns about moving forward with Master Provider Directory, Master Patient Index, and Personal Health Record for the next 2 years?

### What Did We Hear?

- How do we break this down?
- What is Step 1?
- Who is going to do this?

### What Did We Learn?

- The Commission agrees that we need a clear and actionable plan that defines what needs to be done, who needs to do it, and when

## ENGAGEMENT, ALIGNMENT & SHARED UNDERSTANDING

### Question

As a Commission, what are we trying to achieve?

### What Did We Hear?

- WHY - Make a Healthier Colorado
- HOW - public/private alignment, interoperability, sustainability

### What Did We Learn?

- The Commission agrees that the reason we are here is to “Make a Healthier Colorado,” which is consistent with the Vision statement in the OeHI Charter: *“Accelerate technology-driven health transformation by aligning public and private initiatives to support Colorado’s commitment to become the healthiest state in the nation.”*
  - The Commission still needs to agree on a clear way to measure the success of its vision
- The Commission believes that its initial focus will be on MPD, MCI, and PHR because there is funding currently available
  - The Commission still needs to understand how these 3 priorities will support its mission to Make a Healthier Colorado

## DECISION AND COMMITMENT ON WHAT TO FOCUS ON

### Question

For each of the 3 priorities, what are the top 2-3 success factors that need to be considered/fulfilled? (What do each of the solutions need to *DO* and why?)

### What Did We Hear?

- Define the stakeholders
- Define the value
- Critical level of adoption
- Data quality

### What Did We Learn?

- The Commission agrees that in order to be successful, we need common definitions, quality data, design for adoption/sustainability, and usability requirements

## ACTION PLANNING

### Question

How should we organize workgroups to make decisions and fulfill the success factors identified in Conversation #4?

### What Did We Hear?

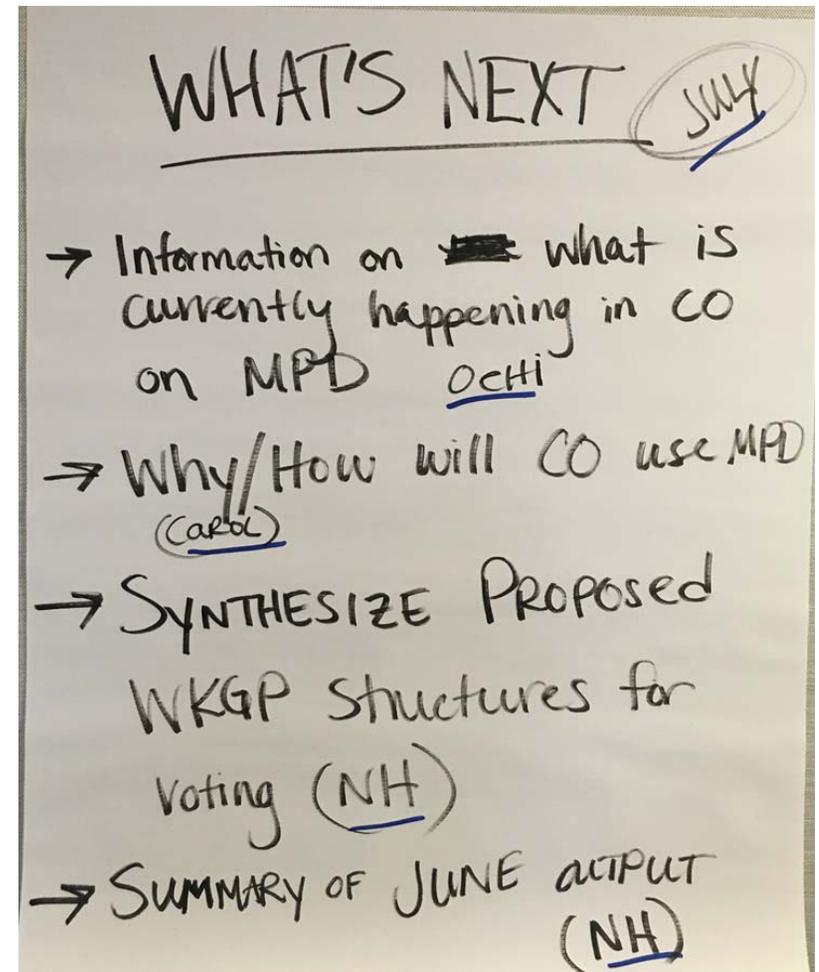

- Learn about the progress that existing workgroups have made
- Leverage existing efforts in Colorado
- Use workgroups to provide feedback, rather than doing the work
- Use consultants to do the research and create plans

### What Did We Learn?

- The Commission agrees that we need to leverage current efforts to the extent that makes sense
  - The Commission still needs to understand the current efforts underway in Colorado
  - The Commission still needs to define the level of detail of decision making for which they are responsible and the workgroup structure that will enable them to make decisions

## ACTION ITEMS FROM JUNE COMMISSION MEETING

Action Item	Status Update
Information on what is currently happening in Colorado related to Master Provider Directory	Agenda topic at future eHealth Commission meeting
Why and how Colorado will use a Master Provider Directory	Summary for Value Proposition at July Commission Meeting, and agenda topic at future eHealth Commission meeting
Synthesize proposed workgroup structures for voting	Pending decision at future eHealth Commission meeting

**DISCUSSION:**  
OPEN CONVERSATION ON THE  
COMMISSION'S DECISION MAKING  
PROCESS

*JASON GREER AND MARC LASSAUX,  
VICE CHAIRS*

## OPEN CONVERSATION ON THE COMMISSION'S DECISION MAKING PROCESS

### Objectives

- Continue dialogue on Commission's role and future priorities
  - Outcome: Set meeting outcomes for remainder of 2016
  - Outcome: Identify potential projects to include on the roadmap

# OVERVIEW OF HEALTH IT ROADMAP EFFORTS

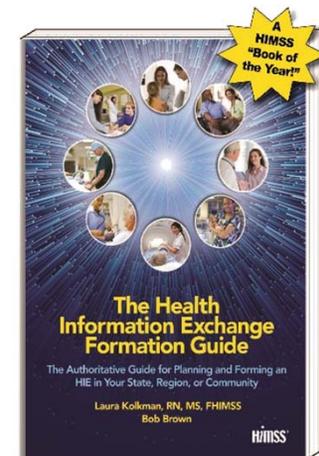

*MOSAICA*

- Introduction to Mosaica Partners
- Why a HIT/HIE Plan?
- Colorado's Health IT Roadmap
- Project Core Team
- Process to Develop the Roadmap
- Project Timeline
- Role of the eHealth Commission
- Questions

## WHO WE ARE

- Mosaica Partners, established in 2005, is a nationally recognized health information strategy and health information exchange (HIE) consulting firm
- Our clients include: the federal government, states, regions, communities, ACOs, IDNs, Payers, HIT/HIE vendors, and organizations that manage and share health information electronically
- Our employees and extensive network of associates include clinicians, consultants and researchers
- Laura Kolkman and Bob Brown are co-authors of the award-winning book, “The Health Information Exchange Formation Guide”

## Our Mission

To improve the quality of health and health care by enabling, improving, and advancing health information use and exchange

## WHAT WE'VE DONE

- Assisted the states of Arizona and Vermont develop comprehensive, statewide strategic HIT/HIE plans
- Assisted in the formation of many HIEs
- Worked with HIE boards to effect the smooth integration of HIEs in Texas and Michigan
- Developed strategy and initiatives to ingrate an HIE and a Regional Extension center (REC)
- Designed and conducted a legislatively-mandated assessment of a troubled state HIE
- Assessed multiple states' HITECH-mandated HIT strategic and operational plans
- Designed and conducted state HIE collaborative agreement program evaluations
- Assisted a nationally recognized cancer center optimize the data collection processes used in a precision-medicine effort
- Provided assessment of multiple HIT/HIE vendors' market plans
- Advised vendors on the introduction of new products and services
- Facilitated scores of HIT/HIE educational and workshop sessions. Participants included payers, physicians, state agency leaders...

- Purpose of the OeHI and the eHealth Commission is to strategically align the Health IT projects and initiatives throughout the state
- Multiple Health IT efforts are underway in Colorado
  - Focus will identify and reduce redundancy of efforts
  - Provide opportunity to utilize resources more efficiently and effectively
- To support innovation, OeHI and the eHealth Commission need to have a solid understanding of:
  - Current efforts - including gaps and overlaps
  - Unmet needs and opportunities
  - Unified vision of the desired future state

Successful health care reform – Best Care, Best Health, Best Value – is dependent upon the efficient and effective use of technology

- Supports the Governor's State of Health Initiative
  - Best Care, Best Health, Best Value
- Statewide HIT/HIE Roadmap for next 3-5 years
  - Considers both State and statewide requirements, plans, and projects
  - Living plan that will be used and regularly updated
- Comprehensive high level plan that will provide direction for Health IT investments in the public and private sectors
- Will deliver high level actionable initiatives
- Can be used as a sounding board for determining the fit of existing Health IT projects and as a springboard for identifying and evaluating new opportunities

## Colorado Team

- Chris Underwood –  
Exec. Sponsor
- Carrie Paykoc
- Micah Jones
- Veronica Menard
- Alejandro Vera
- Saundra Beaird
- State Health IT Workgroup (as needed)

## Mosaica Partners Team

- Laura Kolkman –  
Engagement Lead
- Bob Brown
- Fran Rubino
- Network associates (as needed)

## CONTENTS

- Executive Summary
- Introduction
- Background
- How Colorado's Health IT Roadmap Was Created
- Recommended Initiatives
- Timeline
- Funding Approach
- Transition Plan and Next Steps
- Appendices

The AIM: Best Care ✨ Best Health ✨ Best Value

**Objectives**

What we want to accomplish

**Capabilities**

What we must be able to do to achieve the Objectives

**Enablers**

What needs to be in place to support the Capabilities

**Initiatives**

Projects or programs to put the Enablers in place

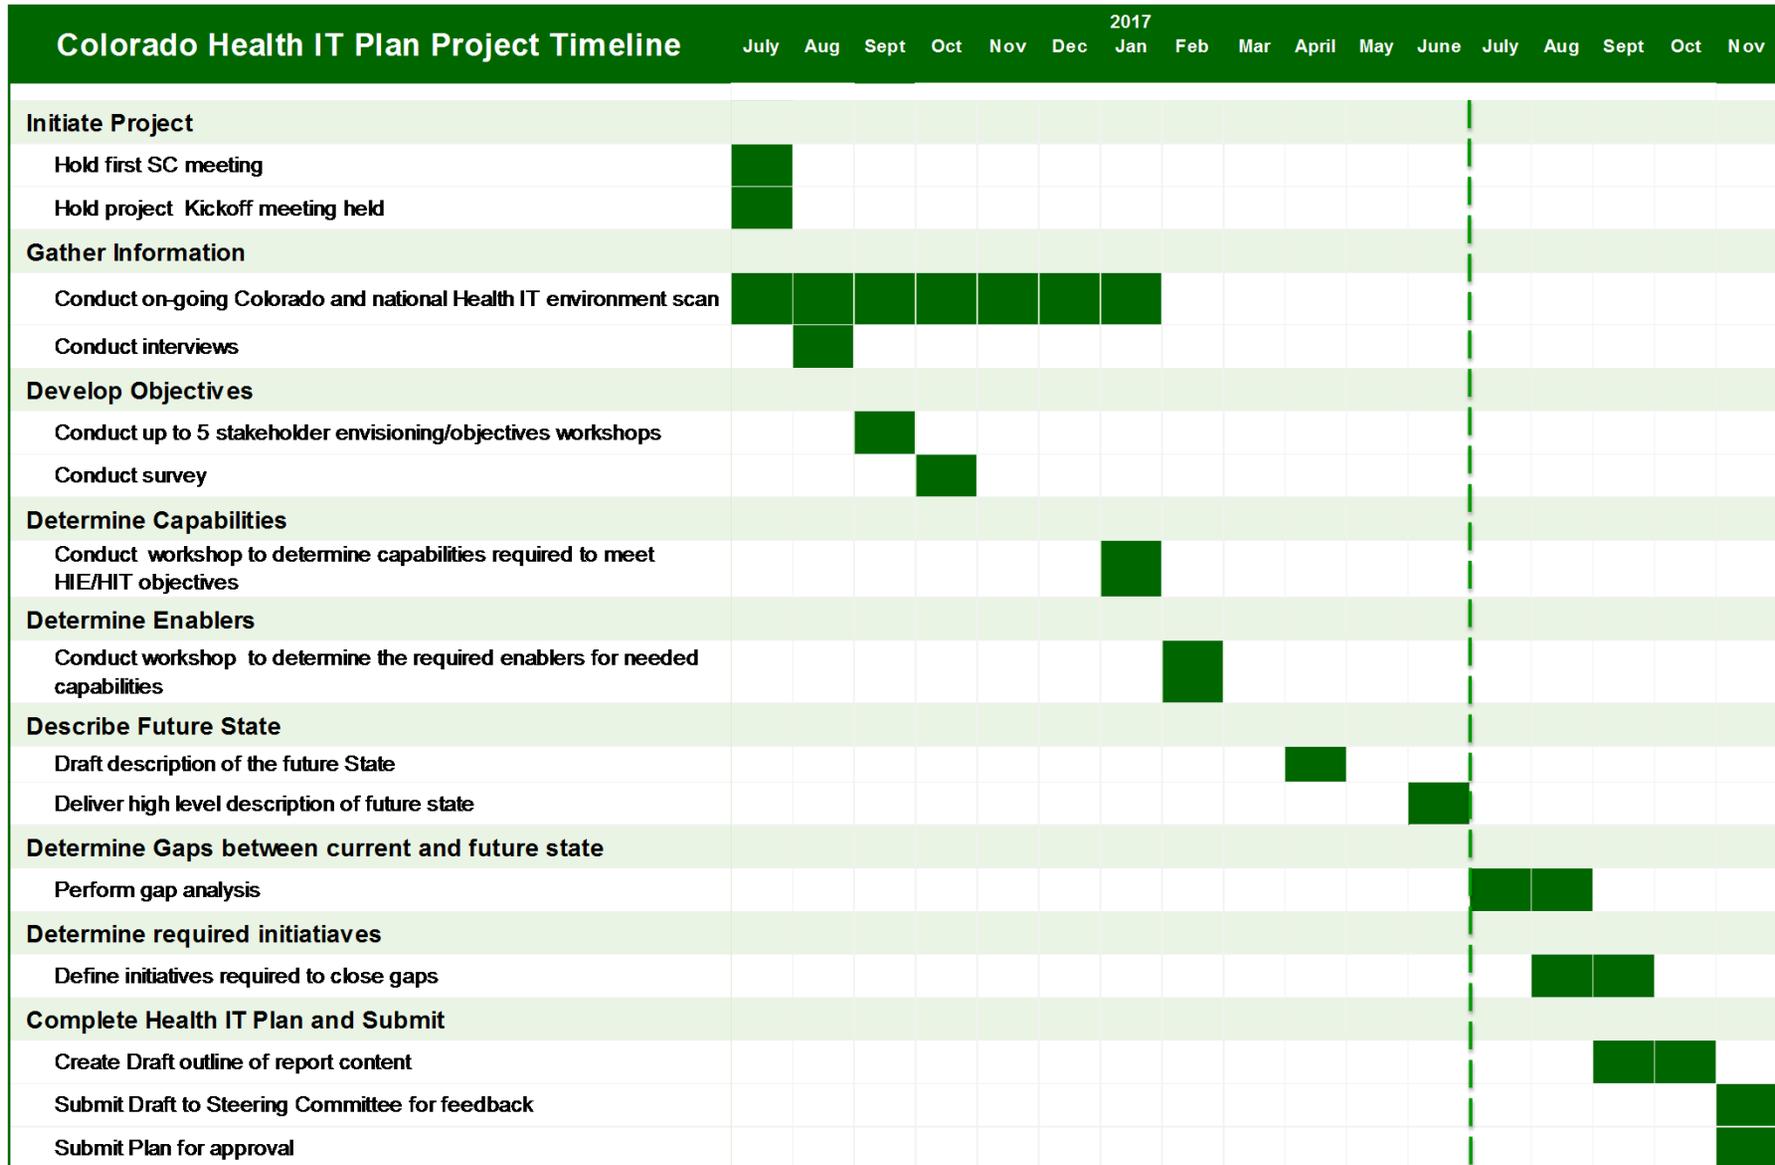

## WHY?

Because, understanding what things need to be developed, implemented, improved, continued, or discontinued provides the foundation for designing reasonable and actionable initiatives.

# PROJECT TIMELINE

## SERVE AS THE STEERING COMMITTEE FOR THE PROJECT

### Purpose

Provide advice and counsel to help steer the Colorado Health IT Roadmap project to success.

### Example Responsibilities

- Provide insight and guidance into shaping Colorado's future HIT/HIE environment
- Bring your perspectives to the project
- Leave personal/organizational agendas at the door
- Ensure that key challenges and issues are addressed
- Identify opportunities that should be considered
- Offer guidance to ensure the results provide a solid statewide HIT/HIE plan
- Review the final draft of the Roadmap for completeness and reasonableness
- Publically support the project

- Hold Kick-Off for Project Steering Committee at the August eHealth Commission meeting - Mosaica to attend the meeting in person
- Conduct Interviews with key stakeholders
- Plan and hold Envisioning Workshops (September)
- Develop and present Project Principles to Steering Committee for review and comment
- Develop and present potential objectives to Steering Committee for review and comment

THANK YOU

Laura Kolkman RN, MS, FHIMSS
