

2014 SUMMER

WATERING SCHEDULE

JUNE 1, 2014-AUGUST 31, 2014

EVEN NUMBERED DAYS

*EAST SIDE OF FLUME &
AMETHYST HEIGHTS*

ODD NUMBERED DAYS

*ALL OTHER PROPERTY IN
TOWN*

Your cooperation with this schedule is extremely important to maintain water supply and greatly appreciated.

Remember, water is a precious resource!

Here are some conservation tips:

- 💧 Water during the early morning or late evening to minimize evaporation loss
- 💧 Choose drought-tolerant species
- 💧 Install a drip or soak irrigation hose
- 💧 Mulch plants to minimize evaporation loss
