- 1 Healthcare Common Procedure Coding System (HCPCS) Updates for 2022
- 1 Discontinued Codes
- 2 New Procedure Code
- 2 Procedure Code with Description Changes

# Healthcare Common Procedure Coding System (HCPCS) Updates for 2022

On January 1, 2022, Health First Colorado (Colorado's Medicaid program) implemented the annual 2022 Healthcare Common Procedure Coding System (HCPCS) deletions, changes and additions effective for dates of service on or after January 1, 2022. Updates can be found on the Provider Rates & Fee Schedules web page.

Claims billed with a HCPCS 2022 procedure code will suspend for EOB 0000 - "This claim/service is pending for program review" until the updates are completed in the Colorado interChange. Once the rates are loaded, the claims will be released.

Code descriptions are not contained in this bulletin. The descriptions are copyrighted by the American Medical Association (AMA). Providers should reference their 2022 HCPCS and Current Procedural Terminology (CPT) coding manuals for procedure code descriptions. These coding manuals may be purchased through the AMA and publishers such as OptumInsight.

#### **Discontinued Codes**

The following is a list of procedure codes that have been discontinued by the Centers for Medicare & Medicaid Services (CMS) and the American Medical Association (AMA). Codes that have been discontinued or cross referenced to other codes can be found in the 2022 HCPCS and CPT coding manuals. The discontinued procedure codes will not be reimbursed for dates of service after December 31, 2021.

**Note:** This table has been updated since it was originally published. Procedure code D8090 was updated to D8690.

Improve health care equity, access and outcomes for the people we serve while saving Coloradans money on health care and driving value for Colorado.
