Contractor and the State agree to the terms and conditions in this Contract.

2. TERM AND EFFECTIVE DATE

A. Effective Date

This Contract shall not be valid or enforceable until the Effective Date. The State shall not be bound by any provision of this Contract before the Effective Date, and shall have no obligation to pay Contractor for any Work performed or expense incurred before the Effective Date or after the expiration or sooner termination of this Contract.

B. Term

The Parties' respective performances under this Contract shall commence on the Contract Performance Beginning Date shown on the Signature and Cover Page for this Contract and shall terminate on the Initial Contract Expiration Date shown on the Signature and Cover Page for this Contract (the "Term"). This Contract shall expire June 30, 2018 and shall not be further extended without a complementary extension of the current sole source document signed by the Department's Procurement Director.

C. Extension Terms - State's Option

The State, at its discretion, shall have the option to extend the performance under this Contract beyond the Term for a period, or for successive periods, of 1 year or less at the same rates and under the same terms specified in the Contract (each such period an "Extension Term"). In order to exercise this option, the State shall provide written notice to Contractor in a form substantially equivalent to Exhibit C. Execution of this option must be accompanied with a complementary extension of the current sole source document signed by the Department's Procurement Director.

D. End of Term Extension

If this Contract approaches the end of its Term, or any Extension Term then in place, the State, at its discretion, upon written notice to Contractor as provided in **§16**, may unilaterally extend such Initial Term or Extension Term for a period not to exceed 2 months (an "End of Term Extension"), regardless of whether additional Extension Terms are available or not. The provisions of this Contract in effect when such notice is given shall remain in effect during the End of Term Extension. The End of Term Extension shall automatically terminate upon execution of a replacement contract or modification extending the total term of the Contract. Execution of this option must be accompanied with a complementary extension of the current sole source document signed by the Department's Procurement Director.

E. Early Termination in the Public Interest

The State is entering into this Contract to serve the public interest of the State of Colorado as determined by its Governor, General Assembly, or Courts. If this Contract ceases to further the public interest of the State, the State, in its discretion, may terminate this Contract in whole or in part. This subsection shall not apply to a termination of this Contract by the State for breach by Contractor, which shall be governed by **§14.A.i**.

i. Method and Content

The State shall notify Contractor of such termination in accordance with **§16**. The notice shall specify the effective date of the termination and whether it affects all or a portion of this Contract.

ii. Obligations and Rights

Upon receipt of a termination notice for termination in the public interest, Contractor shall be subject to **§14.A.i.a**.

iii. Payments

If the State terminates this Contract in the public interest, the State shall pay Contractor an amount equal to the percentage of the total reimbursement payable under this Contract that corresponds to the percentage of Work satisfactorily completed and accepted, as determined by the State, less payments previously made. Additionally, if this Contract is less than 60% completed, as determined by the State, the State may reimburse Contractor for a portion of actual out-of-pocket expenses, not otherwise reimbursed under this Contract, incurred by Contractor which are directly attributable to the uncompleted portion of Contractor's obligations, provided that the sum of any and all reimbursement shall not exceed the maximum amount payable to Contractor hereunder.

A. Work Product

Contractor assigns to the State and its successors and assigns, the entire right, title, and interest in and to all causes of action, either in law or in equity, for past, present, or future infringement of intellectual property rights related to the Work Product and all works based on, derived from, or incorporating the Work Product. Whether or not Contractor is under contract with the State at the time, Contractor shall execute applications, assignments, and other documents, and shall render all other reasonable assistance requested by the State, to enable the State to secure patents, copyrights, licenses and other intellectual property rights related to the Work Product. The Parties intend the Work Product to be works made for hire.

i. Copyrights

To the extent that the Work Product (or any portion of the Work Product) would not be considered works made for hire under applicable law, Contractor hereby assigns to the State, the entire right, title, and interest in and to copyrights in all Work Product and all works based upon, derived from, or incorporating the Work Product; all copyright applications, registrations, extensions, or renewals relating to all Work Product and all works based upon, derived from, or incorporating the Work Product; and all moral rights or similar rights with respect to the Work Product throughout the world. To the extent that Contractor cannot make any of the assignments required by this section, Contractor hereby grants to the State a perpetual, irrevocable, royalty-free license to use, modify, copy, publish, display, perform, transfer, distribute, sell, and create derivative works of the Work Product and all works based upon, derived from, or incorporating the Work Product by all means and methods and in any format now known or invented in the future. The State may assign and license its rights under this license.

ii. Patents

In addition, Contractor grants to the State (and to recipients of Work Product distributed by or on behalf of the State) a perpetual, worldwide, no-charge, royalty-free, irrevocable patent license to make, have made, use, distribute, sell, offer for sale, import, transfer, and otherwise utilize, operate, modify and propagate the contents of the Work Product. Such license applies only to those patent claims licensable by Contractor that are necessarily infringed by the Work Product alone, or by the combination of the Work Product with anything else used by the State.

B. Exclusive Property of the State

Except to the extent specifically provided elsewhere in this Contract, any pre-existing State Records, State software, research, reports, studies, photographs, negatives or other documents, drawings, models, materials, data and information shall be the exclusive property of the State (collectively, "State Materials"). Contractor shall not use, willingly allow, cause or permit Work Product or State Materials to be used for any purpose other than the performance of Contractor's obligations in this Contract without the prior written consent of the State. Upon termination of this Contract for any reason, Contractor shall provide all Work Product and State Materials to the State in a form and manner as directed by the State.

M. Survival of Certain Contract Terms

Any provision of this Contract that imposes an obligation on a Party after termination or expiration of the Contract shall survive the termination or expiration of the Contract and shall be enforceable by the other Party.

O. Third Party Beneficiaries

Except for the Parties' respective successors and assigns described in **§19.B.**, this Contract does not and is not intended to confer any rights or remedies upon any person or entity other than the Parties. Enforcement of this Contract and all rights and obligations hereunder are reserved solely to the Parties. Any services or benefits which third parties receive as a result of this Contract are incidental to the Contract, and do not create any rights for such third parties.

P. Waiver

A Party's failure or delay in exercising any right, power, or privilege under this Contract, whether explicit or by lack of enforcement, shall not operate as a waiver, nor shall any single or partial exercise of any right, power, or privilege preclude any other or further exercise of such right, power, or privilege.

- i. The Contractor will not discriminate against any person on the basis of race, color, national origin, age, sex, religion or handicap, including Acquired Immune Deficiency Syndrome (AIDS) or AIDS-related conditions, in performance of Work under this Contract.
- ii. At all times during the performance of this Contract, no qualified individual with a disability shall, by reason of such disability, be excluded from participation in, or denied benefits of the service, programs, or activities performed by the Contractor, or be subjected to any discrimination by the Contractor.

The Contractor shall take all necessary affirmative steps, as required by 45 C.F.R. 92.36(e), Colorado Executive Order and Procurement Rules, to assure that small and minority businesses and women's business enterprises are used, when possible, as sources of supplies, equipment, construction, and services purchased under this Contract.

B. Federal Audit Provisions

Office of Management and Budget (OMB) Circular No. A-133, Audits of States, Local Governments, and Non-Profit Organizations, defines audit requirements under the Single Audit Act of 1996 (Public Law 104-156). All state and local governments and non-profit organizations expending \$500,000.00 or more from all sources (direct or from pass-through entities) are required to comply with the provisions of Circular No. A-133. The Circular also requires pass-through entities to monitor the activities of subrecipients and ensure that subrecipients meet the audit requirements. To identify its pass-through responsibilities, the State of Colorado requires all subrecipients to notify the State when expected or actual expenditures of federal assistance from all sources equal or exceed \$500,000.00.

C. Debarment and Suspension

- iii. If this is a covered transaction or the Contract amount exceeds \$100,000.00, the Contractor certifies to the best of its knowledge and belief that it and its principals and Subcontractors are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency.
- iv. This certification is a material representation of fact upon which reliance was placed when the State determined to enter into this transaction. If it is later determined that the Contractor knowingly rendered an erroneous certification, in addition to other remedies available at law or by contract, the State may terminate this Contract for default.
- v. The Contractor shall provide immediate written notice to the State if it has been debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded by any Federal department or agency.

- vi. The terms “covered transaction,” “debarment,” “suspension,” “ineligible,” “lower tier covered transaction,” “principal,” and “voluntarily excluded,” as used in this paragraph, have the meanings set out in 2 C.F.R. Parts 180 and 376.
- vii. The Contractor agrees that it will include this certification in all lower tier covered transactions and subcontracts that exceed \$100,000.00.

D. Force Majeure

Neither the Contractor nor the State shall be liable to the other for any delay in, or failure of performance of, any covenant or promise contained in this Contract, nor shall any delay or failure constitute default or give rise to any liability for damages if, and only to the extent that, such delay or failure is caused by "force majeure." As used in this Contract, “force majeure” means acts of God; acts of the public enemy; acts of the state and any governmental entity in its sovereign or contractual capacity; fires; floods; epidemics; quarantine restrictions; strikes or other labor disputes; freight embargoes; or unusually severe weather.

E. Disputes

Except as herein specifically provided otherwise, disputes concerning the performance of this Contract which cannot be resolved by the designated Contract representatives shall be referred in writing to a senior departmental management staff designated by the State and a senior manager designated by the Contractor. Failing resolution at that level, disputes shall be presented in writing to the Executive Director of the State and the Contractor’s Chief Executive Officer for resolution. This process is not intended to supersede any other process for the resolution of controversies provided by law.

F. Lobbying

Contractor certifies, to the best of his or her knowledge and belief, that:

- viii. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative Contract, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative Contract.
- ix. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an office or employee of any agency, a Member of Congress, an office or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative Contract, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.
- x. The undersigned shall require that the language of this certification be included in the award documents for all sub awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative Contracts) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when the transaction was made or entered into. Submission of the certification is a requisite for making or entering into transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000.00 and not more than \$100,000.00 for each such failure.

c. “Protected Information” shall mean PHI provided by CE to Associate or created, received, maintained or transmitted by Associate on CE’s behalf. To the extent Associate is a covered entity under HIPAA and creates or obtains its own PHI for treatment, payment and health care operations, Protected Information under this Contract does not include any PHI created or obtained by Associate as a covered entity and Associate shall follow its own policies and procedures for accounting, access and amendment of Associate’s PHI.

d. “Subcontractor” shall mean a third party to whom Associate delegates a function, activity, or service that involves CE’s Protected Information, in order to carry out the responsibilities of this Agreement.

2. Obligations of Associate.

a. Permitted Uses. Associate shall not use Protected Information except for the purpose of performing Associate’s obligations under this Contract and as permitted under this Addendum. Further, Associate shall not use Protected Information in any manner that would constitute a violation of the HIPAA Rules if so used by CE, except that Associate may use Protected Information: (i) for the proper management and administration of Associate; (ii) to carry out the legal responsibilities of Associate; or (iii) for Data Aggregation purposes for the Health Care Operations of CE. Additional provisions, if any, governing permitted uses of Protected Information are set forth in Attachment A to this Addendum. Associate agrees to defend and indemnify the Department against third party claims arising from Associate’s breach of this Addendum.

b. Permitted Disclosures. Associate shall not disclose Protected Information in any manner that would constitute a violation of the HIPAA Rules if disclosed by CE, except that Associate may disclose Protected Information: (i) in a manner permitted pursuant to this Contract; (ii) for the proper management and administration of Associate; (iii) as required by law; (iv) for Data Aggregation purposes for the Health Care Operations of CE; or (v) to report violations of law to appropriate federal or state authorities, consistent with 45 C.F.R. To the extent that Associate discloses Protected Information to a third party Subcontractor, Associate must obtain, prior to making any such disclosure: (i) reasonable assurances through execution of a written agreement with such third party that such Protected Information will be held confidential as provided pursuant to this Addendum and only disclosed as required by law or for the purposes for which it was disclosed to such third party; and that such third party will notify Associate within five (5) business days of any breaches of confidentiality of the Protected Information, to the extent it has obtained knowledge of such breach. Additional provisions, if any, governing permitted disclosures of Protected Information are set forth in Attachment A.

c. Appropriate Safeguards. Associate shall implement appropriate safeguards as are necessary to prevent the use or disclosure of Protected Information other than as permitted by this Contract. Associate shall comply with the requirements of the HIPAA Security Rule, at 45 C.F.R. Sections 164.308, 164.310, 164.312, and 164.316. Associate shall maintain a comprehensive written information privacy and security program that includes administrative, technical and physical safeguards appropriate to the size and complexity of the Associate’s operations and the nature and scope of its activities. Associate shall review, modify, and update documentation of its

safeguards as needed to ensure continued provision of reasonable and appropriate protection of Protected Information.

d. Reporting of Improper Use or Disclosure. Associate shall report to CE in writing any use or disclosure of Protected Information other than as provided for by this Contract within five (5) business days of becoming aware of such use or disclosure.

e. Associate's Agents. If Associate uses one or more Subcontractors or agents to provide services under the Contract, and such Subcontractors or agents receive or have access to Protected Information, each Subcontractor or agent shall sign an agreement with Associate containing substantially the same provisions as this Addendum and further identifying CE as a third party beneficiary with rights of enforcement and indemnification from such Subcontractors or agents in the event of any violation of such Subcontractor or agent agreement. The agreement between the Associate and Subcontractor or agent shall ensure that the Subcontractor or agent agrees to at least the same restrictions and conditions that apply to Associate with respect to such Protected Information. Associate shall implement and maintain sanctions against agents and Subcontractors that violate such restrictions and conditions and shall mitigate the effects of any such violation.

f. Access to Protected Information. If Associate maintains Protected Information contained within CE's Designated Record Set, Associate shall make Protected Information maintained by Associate or its agents or Subcontractors in such Designated Record Sets available to CE for inspection and copying within ten (10) business days of a request by CE to enable CE to fulfill its obligations to permit individual access to PHI under the HIPAA Rules, including, but not limited to, 45 C.F.R. Section 164.524. If such Protected Information is maintained by Associate in an electronic form or format, Associate must make such Protected Information available to CE in a mutually agreed upon electronic form or format.

g. Amendment of PHI. If Associate maintains Protected Information contained within CE's Designated Record Set, Associate or its agents or Subcontractors shall make such Protected Information available to CE for amendment within ten (10) business days of receipt of a request from CE for an amendment of Protected Information or a record about an individual contained in a Designated Record Set, and shall incorporate any such amendment to enable CE to fulfill its obligations with respect to requests by individuals to amend their PHI under the HIPAA Rules, including, but not limited to, 45 C.F.R. Section 164.526. If any individual requests an amendment of Protected Information directly from Associate or its agents or Subcontractors, Associate must notify CE in writing within five (5) business days of receipt of the request. Any denial of amendment of Protected Information maintained by Associate or its agents or Subcontractors shall be the responsibility of CE.

h. Accounting Rights. Associate and its agents or Subcontractors shall make available to CE, within ten (10) business days of notice by CE, the information required to provide an accounting of disclosures to enable CE to fulfill its obligations under the HIPAA Rules, including, but not limited to, 45 C.F.R. Section 164.528. In the event that the request for an accounting is delivered directly to Associate or its agents or Subcontractors, Associate shall within five (5) business days of the receipt of the request, forward it to CE in writing. It shall be CE's

responsibility to prepare and deliver any such accounting requested. Associate shall not disclose any Protected Information except as set forth in Section 2(b) of this Addendum.

i. Governmental Access to Records. Associate shall keep records and make its internal practices, books and records relating to the use and disclosure of Protected Information available to the Secretary of the U.S. Department of Health and Human Services (the “Secretary”), in a time and manner designated by the Secretary, for purposes of determining CE’s or Associate’s compliance with the HIPAA Rules. Associate shall provide to CE a copy of any Protected Information that Associate provides to the Secretary concurrently with providing such Protected Information to the Secretary when the Secretary is investigating CE. Associate shall cooperate with the Secretary if the Secretary undertakes an investigation or compliance review of Associate’s policies, procedures or practices to determine whether Associate is complying with the HIPAA Rules, and permit access by the Secretary during normal business hours to its facilities, books, records, accounts, and other sources of information, including Protected Information, that are pertinent to ascertaining compliance.

j. Minimum Necessary. Associate (and its agents or Subcontractors) shall only request, use and disclose the minimum amount of Protected Information necessary to accomplish the purpose of the request, use or disclosure, in accordance with the Minimum Necessary requirements of the HIPAA Rules including, but not limited to, 45 C.F.R. Sections 164.502(b) and 164.514(d).

k. Data Ownership. Associate acknowledges that Associate has no ownership rights with respect to the Protected Information.

l. Retention of Protected Information. Except upon termination of the Contract as provided in Section 4(c) of this Addendum, Associate and its Subcontractors or agents shall retain all Protected Information throughout the term of this Contract and shall continue to maintain the information required under Section 2(h) of this Addendum for a period of six (6) years.

m. Associate’s Insurance. Associate shall maintain insurance to cover loss of PHI data and claims based upon alleged violations of privacy rights through improper use or disclosure of PHI. All such policies shall meet or exceed the minimum insurance requirements of the Contract (e.g., occurrence basis, combined single dollar limits, annual aggregate dollar limits, additional insured status and notice of cancellation).

n. Notification of Breach. During the term of this Contract, Associate shall notify CE within five (5) business days of any suspected or actual breach of security, intrusion or unauthorized use or disclosure of Protected Information and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. Associate shall not initiate notification to affected individuals per the HIPAA Rules without prior notification and approval of CE. Information provided to CE shall include the identification of each individual whose unsecured PHI has been, or is reasonably believed to have been accessed, acquired or disclosed during the breach. Associate shall take (i) prompt corrective action to cure any such deficiencies and (ii) any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.

o. Audits, Inspection and Enforcement. Within ten (10) business days of a written request by CE, Associate and its agents or Subcontractors shall allow CE to conduct a reasonable inspection of the facilities, systems, books, records, agreements, policies and procedures relating to the use or disclosure of Protected Information pursuant to this Addendum for the purpose of determining whether Associate has complied with this Addendum; provided, however, that: (i) Associate and CE shall mutually agree in advance upon the scope, timing and location of such an inspection; and (ii) CE shall protect the confidentiality of all confidential and proprietary information of Associate to which CE has access during the course of such inspection. The fact that CE inspects, or fails to inspect, or has the right to inspect, Associate's facilities, systems, books, records, agreements, policies and procedures does not relieve Associate of its responsibility to comply with this Addendum, nor does CE's (i) failure to detect or (ii) detection, but failure to notify Associate or require Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of CE's enforcement rights under the Contract.

p. Safeguards During Transmission. Associate shall be responsible for using appropriate safeguards, including encryption of PHI, to maintain and ensure the confidentiality, integrity and security of Protected Information transmitted to CE pursuant to the Contract, in accordance with the standards and requirements of the HIPAA Rules.

q. Restrictions and Confidential Communications. Within ten (10) business days of notice by CE of a restriction upon uses or disclosures or request for confidential communications pursuant to 45 C.F.R. Section 164.522, Associate will restrict the use or disclosure of an individual's Protected Information. Associate will not respond directly to an individual's requests to restrict the use or disclosure of Protected Information or to send all communication of Protected Information to an alternate address. Associate will refer such requests to the CE so that the CE can coordinate and prepare a timely response to the requesting individual and provide direction to Associate.

3. Obligations of CE.

a. Safeguards During Transmission. CE shall be responsible for using appropriate safeguards, including encryption of PHI, to maintain and ensure the confidentiality, integrity and security of Protected Information transmitted pursuant to this Contract, in accordance with the standards and requirements of the HIPAA Rules.

b. Notice of Changes. CE maintains a copy of its Notice of Privacy Practices on its website. CE shall provide Associate with any changes in, or revocation of, permission to use or disclose Protected Information, to the extent that it may affect Associate's permitted or required uses or disclosures. To the extent that it may affect Associate's permitted use or disclosure of PHI, CE shall notify Associate of any restriction on the use or disclosure of Protected Information that CE has agreed to in accordance with 45 C.F.R. Section 164.522.

4. Termination.

a. Material Breach. In addition to any other provisions in the Contract regarding breach, a breach by Associate of any provision of this Addendum, as determined by CE, shall

constitute a material breach of this Contract and shall provide grounds for immediate termination of this Contract by CE pursuant to the provisions of the Contract covering termination for cause, if any. If the Contract contains no express provisions regarding termination for cause, the following terms and conditions shall apply:

(1) Default. If Associate refuses or fails to timely perform any of the provisions of this Contract, CE may notify Associate in writing of the non-performance, and if not promptly corrected within the time specified, CE may terminate this Contract. Associate shall continue performance of this Contract to the extent it is not terminated and shall be liable for excess costs incurred in procuring similar goods or services elsewhere.

(2) Associate's Duties. Notwithstanding termination of this Contract, and subject to any directions from CE, Associate shall take timely, reasonable and necessary action to protect and preserve property in the possession of Associate in which CE has an interest.

b. Reasonable Steps to Cure Breach. If CE knows of a pattern of activity or practice of Associate that constitutes a material breach or violation of the Associate's obligations under the provisions of this Addendum or another arrangement, then CE shall take reasonable steps to cure such breach or end such violation. If CE's efforts to cure such breach or end such violation are unsuccessful, CE shall terminate the Contract, if feasible. If Associate knows of a pattern of activity or practice of a Subcontractor or agent that constitutes a material breach or violation of the Subcontractor's or agent's obligations under the written agreement between Associate and the Subcontractor or agent, Associate shall take reasonable steps to cure such breach or end such violation, if feasible.

c. Effect of Termination.

(1) Except as provided in paragraph (2) of this subsection, upon termination of this Contract, for any reason, Associate shall return or destroy all Protected Information that Associate or its agents or Subcontractors still maintain in any form, and shall retain no copies of such Protected Information. If Associate elects to destroy the Protected Information, Associate shall certify in writing to CE that such Protected Information has been destroyed.

(2) If Associate believes that returning or destroying the Protected Information is not feasible, Associate shall promptly provide CE notice of the conditions making return or destruction infeasible. Associate shall continue to extend the protections of Sections 2(a), 2(b), 2(c), 2(d) and 2(e) of this Addendum to such Protected Information, and shall limit further use of such PHI to those purposes that make the return or destruction of such PHI infeasible.

5. Injunctive Relief. CE shall have the right to injunctive and other equitable and legal relief against Associate or any of its Subcontractors or agents in the event of any use or disclosure of Protected Information in violation of this Contract or applicable law.

6. No Waiver of Immunity. No term or condition of this Contract shall be construed or interpreted as a waiver, express or implied, of any of the immunities, rights, benefits, protection, or other provisions of the Colorado Governmental Immunity Act, CRS 24-10-101 *et seq.* or the

Federal Tort Claims Act, 28 U.S.C. 2671 *et seq.* as applicable, as now in effect or hereafter amended.

7. Limitation of Liability. Any limitation of Associate's liability in the Contract shall be inapplicable to the terms and conditions of this Addendum.

8. Disclaimer. CE makes no warranty or representation that compliance by Associate with this Contract or the HIPAA Rules will be adequate or satisfactory for Associate's own purposes. Associate is solely responsible for all decisions made by Associate regarding the safeguarding of PHI.

9. Certification. To the extent that CE determines an examination is necessary in order to comply with CE's legal obligations pursuant to the HIPAA Rules relating to certification of its security practices, CE or its authorized agents or contractors, may, at CE's expense, examine Associate's facilities, systems, procedures and records as may be necessary for such agents or contractors to certify to CE the extent to which Associate's security safeguards comply with the HIPAA Rules or this Addendum.

10. Amendment.

a. Amendment to Comply with Law. The parties acknowledge that state and federal laws relating to data security and privacy are rapidly evolving and that amendment of this Addendum may be required to provide for procedures to ensure compliance with such developments. The parties specifically agree to take such action as is necessary to implement the standards and requirements of the HIPAA Rules and other applicable laws relating to the confidentiality, integrity, availability and security of PHI. The parties understand and agree that CE must receive satisfactory written assurance from Associate that Associate will adequately safeguard all Protected Information and that it is Associate's responsibility to receive satisfactory written assurances from Associate's Subcontractors and agents. Upon the request of either party, the other party agrees to promptly enter into negotiations concerning the terms of an amendment to this Addendum embodying written assurances consistent with the standards and requirements of the HIPAA Rules or other applicable laws. CE may terminate this Contract upon thirty (30) days written notice in the event (i) Associate does not promptly enter into negotiations to amend this Contract when requested by CE pursuant to this Section, or (ii) Associate does not enter into an amendment to this Contract providing assurances regarding the safeguarding of PHI that CE, in its sole discretion, deems sufficient to satisfy the standards and requirements of the HIPAA Rules.

b. Amendment of Attachment A. Attachment A may be modified or amended by mutual agreement of the parties in writing from time to time without formal amendment of this Addendum.

11. Assistance in Litigation or Administrative Proceedings. Associate shall make itself, and any Subcontractors, employees or agents assisting Associate in the performance of its obligations under the Contract, available to CE, at no cost to CE, up to a maximum of thirty (30) hours, to testify as witnesses, or otherwise, in the event of litigation or administrative proceedings being

commenced against CE, its directors, officers or employees based upon a claimed violation of the HIPAA Rules or other laws relating to security and privacy or PHI, in which the actions of Associate are at issue, except where Associate or its Subcontractor, employee or agent is a named adverse party.

12. No Third Party Beneficiaries. Nothing express or implied in this Contract is intended to confer, nor shall anything herein confer, upon any person other than CE, Associate and their respective successors or assigns, any rights, remedies, obligations or liabilities whatsoever.

13. Interpretation and Order of Precedence. The provisions of this Addendum shall prevail over any provisions in the Contract that may conflict or appear inconsistent with any provision in this Addendum. Together, the Contract and this Addendum shall be interpreted as broadly as necessary to implement and comply with the HIPAA Rules. The parties agree that any ambiguity in this Contract shall be resolved in favor of a meaning that complies and is consistent with the HIPAA Rules. This Contract supersedes and replaces any previous separately executed HIPAA addendum between the parties.

14. Survival of Certain Contract Terms. Notwithstanding anything herein to the contrary, Associate's obligations under Section 4(c) ("Effect of Termination") and Section 12 ("No Third Party Beneficiaries") shall survive termination of this Contract and shall be enforceable by CE as provided herein in the event of such failure to perform or comply by the Associate. This Addendum shall remain in effect during the term of the Contract including any extensions.

Enhanced Primary Care Standards

The Contractor shall assess and report to the Department PCMPs that meet at least five of the nine criteria listed below. Any PCMP who meets five of the nine criteria may be eligible for an enhanced PMPM payment in recognition for meeting certain primary care standards. Detailed descriptions of the nine factors, including the goal of the factor, how it should be measured, and potential procedures that practices can implement to achieve the factor can be found on the Provider Services page of the Department's web site.

The nine enhanced primary care standards are:

1. The PCMP has regularly scheduled appointments (at least one time a month) on a weekend and/or on a weekday outside of typical workday hours.
2. The PCMP provides timely clinical advice by telephone or secure electronic message both during and after office hours. Patients and families are clearly informed about these procedures.
3. The PCMP uses available data (e.g., BIDM, clinical information) to identify special patient populations who may require extra services and support for medical and/or social reasons. The Practice has procedures to proactively address the identified health needs.
4. The PCMP provides on-site access to behavioral health care providers.
5. The PCMP collects and regularly updates a behavioral health screening (including substance use) for adults and adolescents and/or developmental screening for children (newborn to five years of age) using a Medicaid approved tool. In addition, the practice has documented procedures to address positive screens and agreements with behavioral health care providers to accept referred patients.
6. PCMPs providing delegated care coordination services for the ACC and certified patient-centered medical homes are expected to generate lists semi-annually of patients actively receiving care coordination.
7. The PCMP tracks the status of referrals to specialty care providers and provides the clinical reason for the referral along with pertinent clinical information.
8. The PCMP is willing to accept new Medicaid clients and has a written agreement with the RCCO.
9. PCMPs and patient/family/caregiver collaborate to develop and update an individual care plan.
