DIVISION OF GAMING, DEPARTMENT OF REVENUE, STATE OF COLORADO REPORT SUMMARY Year Ended June 30, 2014

AUTHORITY AND PURPOSE/SCOPE OF AUDIT

The Office of the State Auditor, State of Colorado, engaged CliftonLarsonAllen, LLP to conduct the financial audit of the Division of Gaming, a special revenue fund of the Department of Revenue, State of Colorado (Division) for the Fiscal Year ended June 30, 2014. The audit of the Division was performed under authority of Section 12-47.1-702(1), C.R.S., which requires the State Auditor to conduct an annual audit of the Division. The purpose of the audit was to express an opinion on the financial statements of the Division for the years ended June 30, 2014 and 2013

CliftonLarsonAllen, LLP conducted the audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States of America.

The purposes and scope of this audit were:

- To express an opinion on the financial statements of the Division as of and for the year ended June 30, 2014 and 2013, including a review of the related systems of internal controls as required by auditing standards generally accepted in the United States of America.
- To review the Division's compliance with rules and regulations governing the expenditure of State funds for the year ended June 30, 2014.
- To evaluate progress in implementing any prior audit recommendations.

SUMMARY OF MAJOR AUDIT FINDINGS

An independent auditors' report on the financial statements of the Division, dated October 31, 2014, has been issued, which states that the financial statements of the Division as of and for the years ended June 30, 2014 and 2013, are fairly stated, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A report on compliance and on internal control over financial reporting based on an audit of financial statements performed in accordance with *Government Auditing Standards*, dated October 31, 2014, has also been issued, which states that the results of the Contract Auditors' tests disclosed no instances of non-compliance that are required to be reported under *Government Auditing Standards*.

RECOMMENDATION LOCATOR

We noted no matters of recommendation for the Division in the current year audit.

SUMMARY OF PROGRESS IN IMPLEMENTING PRIOR AUDIT RECOMMENDATIONS

There were no audit recommendations in the prior year audit report.

DIVISION OF GAMING, DEPARTMENT OF REVENUE, STATE OF COLORADO DESCRIPTION OF COLORADO DIVISION OF GAMING Year Ended June 30, 2014

Effective October 1, 1991, Article XVIII, Section 9 of the Colorado Constitution was amended to allow limited stakes gaming in three Colorado cities. In April 2009, House Bill 09-1272 was approved due to the passage of Amendment 50. The Amendment, along with the Limited Gaming Act of 1991 (the "Act"), established the framework for regulating limited gaming in Colorado. The Act created the Division of Gaming within the Department of Revenue, established the Limited Gaming Fund, and gave the Limited Gaming Control Commission (the "Commission") the authority and responsibility for regulating limited gaming in Colorado.

The Division of Gaming operates with a staff of about 83 full-time employees and a budget of approximately \$15.2 million. The Commission is made up of a five-member board appointed by the Governor and approved by the Colorado Senate. Gaming revenues deposited in the Limited Gaming Fund are used to pay operating expenses for the Division and the Commission during the year. After setting aside a reserve for two months' operating expenses at the end of each fiscal year, the remaining fund balance in the Limited Gaming Fund is distributed to State and local governments according to the provisions in the Colorado Constitution and the Act.

INDEPENDENT AUDITORS' REPORT

Members of the Legislative Audit Committee

Report on the Financial Statements

We have audited the accompanying financial statements of the Division of Gaming, a special revenue fund of the Department of Revenue, State of Colorado (the Division), as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Division of Gaming, a special revenue fund of the Department of Revenue, State of Colorado as of June 30, 2014 and 2013, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Division are intended to present only the financial position and the changes in financial position of only that portion of the special revenue fund of the State of Colorado that is attributable to the transactions of the Division. They do not purport to, and do not, present fairly the financial position of the State of Colorado as of June 30, 2014 and 2013, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United State of America. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information on pages 5-24 and 45 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2014, on our consideration of the Division's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Division's internal control over financial reporting and compliance.

This discussion and analysis of the financial performance of the Division of Gaming, Department of Revenue, State of Colorado (the "Division") provides an overview of financial activities for the year ended June 30, 2014. Please read it in conjunction with the Division's financial statements, which begin on page 22.

Financial Highlights

- Gaming Tax revenues were \$104,877,982 for the fiscal year ended June 30, 2014, compared to revenues of \$104,134,099 for the prior fiscal year ending June 30, 2013, which is an increase of \$743,883 or 0.71%.
- A decrease in the Division's total excess of revenues over expenditures, excluding the
 unrealized change in fair value of investments, decreased the total Gaming Distribution
 to \$92,219,372 compared to last fiscal year's total Gaming Distribution of \$92,686,815.
 These amounts represent both the Limited Gaming Distribution and the Extended
 Gaming Distribution for fiscal years 2013 and 2014.

Using This Report

This financial report consists of financial statements for the fiscal years ended June 30, 2014 and 2013. Unless otherwise specified, references within this report to the Division relate to the Extended Gaming Fund and the Limited Gaming Fund. The Balance Sheets provide comparative information on the Division's assets, liabilities, and fund balance as of the end of the current and previous fiscal years. The Statement of Revenues, Expenditures, and Changes in Fund Balance is the Division's income statement. The Statements of Revenues, Expenditures, and Changes in Fund Balance provide information on the current and previous fiscal years' revenues, expenditures, excess of revenues over expenditures, the Gaming Distribution, the beginning fund balances at July 1, 2013 and July 1, 2012, respectively, and the ending fund balances as of June 30, 2014 and 2013, respectively. The Statement of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual reflects the initial budget amounts, the cumulative changes made throughout the course of the year, the revised budget amounts, and the actual amounts received or expended. Finally, the notes to the financial statements contain a summary of significant accounting policies and more specific information about items in the financial statements.

In April 2009, House Bill 09-1272 was approved due to the passage of Amendment 50. In summation, this amendment allows Colorado casinos to offer \$100 maximum bets, an increase from the previous \$5 limit; offer the games of craps and roulette; and remain open for 24 hours. This is referred to as Extended Gaming. The Extended Gaming Funds to be distributed are transferred to a separate fund every fiscal year end beginning with fiscal year 2010; therefore, a new Extended Gaming Fund was created separate from the Limited Gaming Fund for this purpose.

Revenues

The total excess of revenues over expenditures of the Division, including the unrealized change in fair value of investments, for fiscal year 2014 was \$92,476,854. This represents an increase of \$799,705 compared to fiscal year 2013 excess of revenues over expenditures of \$91,677,149.

The fiscal year 2014 net increase in fair value of investments of \$230,341 and net decrease of \$1,017,934 in fiscal year 2013 represent the change in fair value of the Division's investments during the fiscal years ended June 30, 2014 and 2013, respectively.

The largest source of revenue for the Division is from gaming taxes paid by casinos. Gaming taxes are paid on a graduated scale ranging from 0.25% to 20.00% of adjusted gross proceeds (AGP). The adjusted gross proceeds of casinos decreased 2.67% in fiscal year 2014, as compared to fiscal year 2013. The decrease was due primarily to road closures after significant flooding impacted all three gaming towns in September 2013. The gaming tax revenues earned by the Division for the fiscal years ending June 30, 2014 and 2013 were \$104,877,982 and \$104,134,099, respectively. This represents an increase of \$743,883 and was due primarily to an increase in AGP in the 20.00% tax bracket while the other tax brackets had an overall decrease in the AGP. For fiscal year 2014, the tax rates remained the same in as in fiscal year 2013. The tax rates for fiscal year 2013 were increased approximately 5% from 2012 rates, per the authority of the Colorado Limited Gaming Control Commission.

The Colorado Limited Gaming Control Commission assesses taxes based on adjusted gross proceeds. The tax rates for fiscal years 2014, 2013, and 2012 are below.

<u>AGP</u>	<u>2014</u>	<u>2013</u>	<u>2012</u>
Charitable	3.00%	3.00%	3.00%
\$0 - \$2 Million	0.25%	0.25%	0.2375%
\$2 - \$5 million	2.00%	2.00%	1.90%
\$5 - \$8 million	9.00%	9.00%	8.55%
\$8 - \$10 million	11.00%	11.00%	10.45%
\$10 - \$13 million	16.00%	16.00%	15.20%
\$13+ million	20.00%	20.00%	19.00%

Revenues (continued)

Below is a chart of the changes in revenues to fiscal year 2014 from fiscal year 2013.

	Increase (Decrease) Amount	Percent Change	Explanation
Gaming taxes	\$ 743,883	0.71%	In fiscal year 2014, there was a slight increase in taxes due mainly to an increase in AGP in the highest tax bracket. Overall AGP decreased due mostly to road closures caused by significant flooding in September 2013.
License and application fees	(25,953)	(4.14)%	License and application fees vary from year to year depending on the type of license and application that is received.
Background investigations	(94,032)	(32.41)%	This is reimbursed revenue (see footnote 5). There was \$76,671 less in labor and miscellaneous charges and \$17,361 less in travel during fiscal year 2014. This resulted in decreased revenue from applicants.
Fines and other	(12,851)	(56.27)%	Fines revenues vary from year to year and are dependent upon audit and investigative findings.
Interest income	(55,150)	(11.15)%	Interest rates decreased 0.11% on average during fiscal year 2014. The average rate was 0.96% in fiscal year 2014 and 1.07% in fiscal year 2013.
Change in fair value of investments	<u>1,248,275</u>	122.63%	This represents the difference between the net change in the fair value of the Division's investments during fiscal year 2014 versus the net change in the fair market value of the Division's investments during fiscal year 2013.
Total revenues	<u>\$ 1,804,172</u>	1.73%	Revenues, excluding the change in fair value of investments, increased by 0.53%.

For fiscal year 2013, the excess of revenues over expenditures was \$91,677,149. This represents an increase of \$426,932, or 0.47%, compared to fiscal year 2012's excess of revenues over expenditures of \$91,250,217.

The net decrease in fair value of investments of \$1,017,934, and net decrease of \$175,970 represents the change in fair value of the Division's investments during the fiscal years ended June 30, 2013 and 2012, respectively.

Revenues (continued)

The adjusted gross proceeds of casinos increased 0.20% in fiscal year 2013. The tax increase was 2.01%. Taxes increased due to the graduated tax scale and the 5% increase in tax rates for fiscal year 2013.

Below is a chart of the changes in revenues to fiscal year 2013 from fiscal year 2012.

	Increase (Decrease) Amount	Percent Change	Explanation
Gaming taxes	\$2,053,238	2.01%	In fiscal year 2013, Commission approved a 5% tax rate increase, but a change of ownership in January 2013 of a large casino, caused their taxes to revert to the lowest tax bracket.
License and application fees	(3,329)	(0.53)%	License and application fees vary from year to year depending on the type of license and application that is received.
Background investigations	68,341	30.81%	This is reimbursed revenue (see footnote 5). There was \$57,170 more in labor and miscellaneous charges and \$11,171 more in travel during fiscal year 2013. This resulted in increased revenue from applicants.
Fines and other	(161,934)	(87.64)%	The fines revenues vary from year to year and are dependent upon audit and investigative findings.
Interest income	(119,764)	(19.50)%	Interest rates decreased 0.30% on average during fiscal year 2013. The average rate was 1.07% in fiscal year 2013 and 1.37% in fiscal year 2012.
Change in fair value of investments	(841,964)	(478.47)%	This represents the difference between the net change in the fair market value of the Division's investments during fiscal year 2013 versus the net change in the fair market value of the Division's investments during fiscal year 2012.
Total revenues	<u>\$ 994,588</u>	0.96%	Revenues, excluding the change in fair value of investments, increased by 1.74%.

Expenditures

Total expenditures for the Division in fiscal year 2014 were \$13,877,185. This is an increase of \$1,004,467, or 7.80%, as compared to fiscal year 2013 expenditures of \$12,872,718. The information below shows the changes in expenditures from fiscal year 2013 to fiscal year 2014 with explanations provided for large variances.

	Increase (Decrease) Amount	Percent Change	Explanation
Salaries, benefits, and leave payouts	\$ 318,982	4.59%	In fiscal year 2014, the average increase in health, dental, and life insurance was 7.58%. Four long-time employees left the Division, versus two employees in fiscal year 2013, resulting in an increase in annual leave payout.
State agency services	164,771	3.60%	In fiscal year 2014 Indirect costs, which are based on FTE or workload, decreased by \$148,469. Legal Services costs increased \$15,099; Gaming's attorney general had been on leave in early fiscal year 2014. Sunset review (ended in fiscal year 2013), State Auditor, and Local Affairs costs decreased \$2,317. Colorado State Patrol, Fire Prevention and Control, and Bureau of Investigation costs increased \$300,458.
Materials, supplies, and services	6,410	1.74%	In fiscal year 2014, materials, supplies and services increased \$3,858 due primarily to an increase in building and equipment maintenance that was partially offset by a decrease in purchased services and equipment. Police supplies increased \$2,552 during fiscal year 2014.
Travel and automobiles	18,944	8.46%	In fiscal year 2014, variable (mileage) and fixed (lease) costs for vehicles increased by \$10,440 and \$2,801, respectively. Travel increased by \$5,703.
Computer services	(6,241)	(5.16)%	In fiscal year 2014, there was a \$3,069 decrease for shared communication costs and a \$3,172 decrease in computer checks.
Professional services	65,932	64.41%	In fiscal year 2014, the increase was due mostly to increased costs for temporary services to cover job vacancies in the Division, asbestos remediation in the Central City building, and roof analysis for the Cripple Creek building; these increases were partially offset by decreases in training and consulting costs.

Expenditures (continued)

Other	442,755	471.88%	In fiscal year 2014, the increase was due primarily to an increase in indirect IT costs and services, and the upgrade of the State's financial reporting system. Utilities and postage increased, while printing slightly decreased.
Telephone	16,564	15.53%	In fiscal year 2014, digital data charges were \$17,567 more due to an increase in costs for the multi-use network. Local call charges were \$74 more, and long distance and other charges were \$1,077 less.
Background investigations	(18,703)	(45.36)%	In fiscal year 2014, the Background Unit received numerous key and change of ownership applications, but received only one new business application which was smaller in scope than fiscal year 2013 new business applications.
Leased space	18,258	6.89%	Rent for the Golden office increased by \$25,479 in fiscal year 2014, but the Division received a rent credit of \$7,221 in July 2014.
Capital outlay	(23,205)	(100.00)%	Fiscal year 2014 had no capital outlay costs; fiscal year 2013 costs were for two cameras for badge systems and installation of a new prox-card system in the Central City office.
Total expenditures	<u>\$1,004,467</u>	7.80%	

Total expenditures for the Division in fiscal year 2013 were \$12,872,718. This is an increase of \$567,656 or a 4.61% increase from fiscal year 2012 expenditures of \$12,305,062. The information below shows the changes in expenditures from fiscal year 2012 to fiscal year 2013 with explanations provided for large variances.

	Increase (Decrease) Percent Amount Change				
Salaries, benefits, and leave payouts	\$ 263,877	3.94%	In fiscal year 2013, the average increase in health, dental, and life was 10.52%. Two employees left the Division in fiscal year 2013, versus thirteen in fiscal year 2012, resulting in a decrease in annual leave payout.		

Expenditures (continued)

	Increase (Decrease) Amount	Percent Change	Explanation
State agency services	220,421	5.07%	In fiscal year 2013 Indirect costs increased by \$128,291, based on FTE or workload. Legal Services costs decreased \$18,287; Gaming's attorney general has been on leave. Sunset review which was conducted by DORA began November 2012. Colorado State Patrol, Fire Prevention and Control, and Bureau of Investigation costs increased \$116,271.
Materials, supplies, and services	95,513	39.54%	In fiscal year 2013, increase due mostly to Central City building maintenance of \$41,523, new iPads and the replacement of desktop and laptop computers including software at a cost of \$72,202. Other services and supplies as well as police supplies decreased \$12,220.
Travel and automobiles	786	0.35%	In fiscal year 2013, the variable (mileage) costs for vehicles were \$101,171, which is \$3,321 higher than fiscal year 2012. Fixed costs were lower than fiscal year 2012 by \$7,739. Travel increased by \$5,194.
Computer services	5,961	5.18%	In fiscal year 2013, there was a \$2,668 increase for shared communication costs and a \$3,293 increase in computer checks.
Professional services	(24,911)	(19.57)%	In fiscal year 2013, decrease was due mostly to costs for major auditing software training/implementation and IT upgrades, which occurred in 2012.
Other	41,618	52.10%	In fiscal year 2013, the increase was due to the upgrade of the Colorado Financial Reporting System (COFRS). In fiscal year 2013, Gaming Costs for this upgrade were \$26,004. Risk management increased \$6,498; Division incurred \$3,500 personnel settlement; utilities, postage and printing all increased in fiscal year 2013.
Telephone	13,903	14.99%	In fiscal year 2013, digital data charges were \$12,137 more due to an increase in costs for the multi-use network, local call charges were \$397 less, long distance and other charges were \$2,164 more.
Background investigations	12,711	44.56%	In fiscal year 2013, the Background Unit completed investigation of a large new company application, and had over five large change of ownership applications which are still in progress

Expenditures (continued)

	Increase (Decrease) Amount	Percent Change	Explanation
Leased space	(3,293)	(1.23)%	Rent increased for Golden office in fiscal year 2013, but the Division received a rent credit of \$19,955 in March 2013.
Capital outlay	<u>(58,930)</u>	(71.75)%	Fiscal year 2013 costs were for two cameras for badge systems and installation of new prox-card system in Central City Office, which resulted in a decrease from fiscal year 2012, where technology upgrades were made to licensing software, new prox-card system in Cripple Creek, wireless access and smart board for Golden office, servers for Cripple Creek and Central City offices, firewall, and camera for one badge system.
Total expenditures	<u>\$ 567,656</u>	4.61%	

Assets, Liabilities, and Fund Balance

The year-end total fund balance reflects the overall financial position of the Division, which is \$11,085,607 at June 30, 2014 compared to \$10,731,671 at June 30, 2013. Total assets of \$96,025,610 at June 30, 2014 are \$641,556, or 0.66%, lower than the prior year balance of \$96,667,166. The decrease in total assets is primarily due to the decreases in cash and gaming taxes receivable.

The Division's total liabilities were \$84,940,003 at June 30, 2014 and \$85,935,495 at June 30, 2013. The \$995,492 net decrease is due primarily to the \$563,897 decrease in the fiscal year 2014 Limited Gaming Distribution, and to a \$373,217 decrease in interagency payables.

The following compares fiscal year 2014 and fiscal year 2013 assets, liabilities, and fund balances.

Assets, Liabilities, and Fund Balance (continued)

The year-end total fund balance reflects the overall financial position of the Division, which was \$10,731,671 at June 30, 2013 compared to \$12,058,477 at June 30, 2012. Total assets of \$96,667,166 at June 30, 2013 were \$512,546 or 0.53% higher than the prior year balance of \$96,154,620. The increase in total assets was primarily due to the increases in cash and gaming taxes receivable.

The Division's total liabilities were \$85,935,495 at June 30, 2013 and \$84,096,143 at June 30, 2012. The \$1,839,352 net increase was primarily due to the \$1,806,570 increase in the fiscal year 2013 Limited Gaming Distribution.

Conditions Affecting Financial Position or Results of Operations

Amendment 50

Amendment 50 was implemented on July 2, 2009. This increased the maximum betting limit from \$5 to \$100, authorized the table games of craps and roulette, and extended the hours of operation to 24 hours a day seven days a week. The impact of Amendment 50 on gaming revenues, based upon the allocation formula set by Rule 24 of the Colorado Limited Gaming Regulations, was \$9,664,337 for fiscal year 2014, or 9.11% of total gaming revenues.

Staffing Changes

In fiscal years 2014 and 2013, the Division had several vacant positions.

Natural Disasters

In September 2013, parts of Colorado experienced significant flooding and road closures that impacted all three gaming towns. For the month of September 2013 and 2014, year-over-year AGP and taxes declined by 10.40% and 9.90%, respectively.

Conditions Affecting Financial Position or Results of Operations (continued)

Offices

Several projects were completed, which included upgrading the prox-card system at the Golden office, interior painting in the Central City office, and roof replacement on the Cripple Creek building.

Sunset Review

The Division was set to terminate on July 1, 2013, unless continued by the General Assembly. During the year prior to this date, the Division was subject to a sunset review by DORA to determine whether the currently prescribed regulation of gaming should be continued for the protection of the public and to evaluate the performance of the Division. DORA's findings and recommendations were submitted to the Office of Legislative Legal Services recommending that the Division continue and resulted in SB13-173, the Sunset Bill, which was passed and signed by the governor on June 5, 2013 and the sunset date was extended to September 1, 2022. The Division began implementing this legislation in fiscal year 2014 which includes establishing licensure requirements and related fees for associated equipment suppliers.

Distribution

The voters of Colorado passed Amendment 50 on November 4, 2008. In summation, this amendment allows Colorado casinos to offer \$100 maximum bets, offer the games of craps and roulette, and remain open for 24 hours. This is now referred to as extended gaming. The tax revenues attributable to the implementation of Amendment 50 are distributed as follows:

- 78% to the Colorado Community College System;
- 12% to Gilpin and Teller Counties, in proportion to the tax revenues generated in the respective counties; and
- 10% to the cities of Cripple Creek, Central City, and Black Hawk, in proportion to the tax revenues generated in the respective cities.

At the end of each fiscal year, the Division distributes the balance remaining in the Limited Gaming Fund after reserving an amount equal to expenditures for the preceding two-month period. The Limited Gaming Fund also transfers amounts due to the Extended Gaming Fund. The total distribution for the fiscal year ended June 30, 2014 was \$92,219,372 which includes \$8,379,002 for the Extended Gaming Fund distribution.

During August of each fiscal year, the Commission approves the Extended Gaming distribution for the previous fiscal year in accordance with Section 12-47.1-701.5 C.R.S. These amounts are distributed in the year approved by the Commission.

Limited Gaming Distribution

In accordance with Section 12-47.1-701, C.R.S. and amended by Senate Bill 13-133, the balance remaining in the Limited Gaming Fund is to be transferred by the State Treasurer to the recipients of limited gaming revenues according to the following formula:

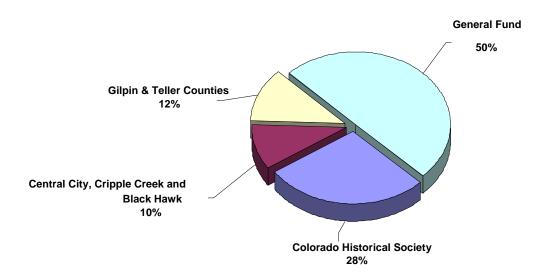

- 50% shall be transferred to the State General Fund, of which \$15,000,000 is to be given to the Colorado Travel and Tourism Promotion Fund; \$5,500,000 is to be given to the Bioscience Discovery Evaluation Grant Program; \$5,000,000 is to be given to the Local Government Limited Gaming Impact Fund; \$2,100,000 is to be given to the Innovative Higher Education Research Fund; \$2,000,000 is to be given to the Creative Industries Cash Fund, and \$500,000 is to be given to the Colorado Office of Film, Television, and Media Operational Account Cash Fund. Any amount of the State share that exceeds the transfers specified above shall be transferred to the General Fund.
- 28% to the Colorado State Historical Fund:
- 12% to Gilpin and Teller Counties, in proportion to the gaming revenues generated in these respective counties; and
- 10% to the cities of Cripple Creek, Central City, and Black Hawk, in proportion to the gaming revenues generated in these respective cities.

Budget

The Colorado Limited Gaming Control Commission approves the Long Bill line items of the Division's budget for the Limited Gaming Fund. The Division does not adopt a budget for the Extended Gaming Fund. Throughout the year the budget may be amended. Following are the budget line items that were changed during fiscal year 2014:

	Beginning Budget	Supplemental Changes	Annual Revised Budget		
Health, Dental and Life Insurance	\$ 653,609	\$ (6,900)	\$ 646,709		
Amortization Equalization Disbursement	197,202	3,125	200,327

Legal Services	200,376	(34,000)	166,376		

Budget (continued)

The budget approved at the beginning of the year was \$15,269,257. The amendments to the budget resulted in a net decrease of \$29,574. As a result, the final approved budget for fiscal year 2014 was \$15,239,683. Total actual expenditures were \$13,877,185 resulting in excess appropriations, or a savings of \$1,362,498 for fiscal year 2014.

Economy and Next Year's Budget

The Division considers several factors when determining estimates for the following year's budget. The fiscal year 2015 budget request was prepared according to statewide standards and guidelines issued by the Governor's Office of State Planning and Budgeting ("OSPB"). The Division has also incorporated into the request a statewide figure setting policy adopted by the Joint Budget Committee ("JBC") for fiscal year 2015. The Division's request totaled \$11,276,620, which represents a 2.01% increase from the fiscal year 2014 appropriation. The new line item in the Gaming Budget Request, Office of Information Technology (OIT) Payments, consolidates the five Office of Information Technology service components on the current and previous budgets for the Division. Monies appropriated to State agencies for OIT services will be housed in this line item versus the current line item structure of five line items for each State agency. The Colorado Limited Gaming Control Commission approved a budget request submitted by the Department of Public Safety for \$4,152,994 and a budget request submitted by the Department of Local Affairs for \$165,789. These funds are used for gaming related purposes.

Assumptions that were made when preparing the revenue projection for fiscal year 2015 included the continuation of current tax structure, tax rates, and continuation of license and application fees in effect. Also included in assumptions is the continuation of the current interest rate being paid to the fund and adjustments for casinos closed and opened in fiscal year 2014. The Division's fiscal year 2015 revenue estimates total \$103.0 million, a \$3.1 million decrease over fiscal year 2014 actual revenue.

During the 23 years of gaming in Colorado, the Division has seen the market change. Initially there were many small casinos; now there are fewer casino properties, many of which are owned by large publicly traded companies. Gaming in Colorado continues to do well. The Division continually positions itself to respond effectively to new technology, regulations, and growth of the industry.

Note 1 - Summary of Significant Accounting Policies

The Colorado Division of Gaming (the "Division") is an agency of the State of Colorado and was created June 4, 1991, under the provision of Section 12-47.1-201, Colorado Revised Statutes ("C.R.S."). The Division operates under the Colorado Limited Gaming Control Commission (the "Commission"). The Division implements, regulates, and supervises the conduct of limited gaming in the State, as authorized by statute. A sunset review was completed in fiscal year 2013 and the Division's existence will continue through September 1, 2022, and will continue only after that date through the passage of a bill by the General Assembly.

In April 2009, House Bill 09-1272 was approved due to the passage of Amendment 50. In summation, this amendment allows Colorado casinos to offer \$100 maximum bets, offer the games of craps and roulette, and remain open for 24 hours, referred to as extended gaming. The extended gaming funds to be distributed are transferred to a separate fund every fiscal year-end beginning with fiscal year 2010; therefore, an Extended Gaming Fund was created for this purpose.

The State of Colorado (the "State") is the primary reporting entity for State financial reporting purposes.

The Division's financial statements are intended to present only those transactions attributable to the Division. The financial statements of the Division are not intended to present financial information of the State in conformity with generally accepted accounting principles. The Division's accounts are presented in a manner consistent with presentation of statewide financial activities, which are reported in accordance with accounting principles generally accepted in the United States of America for governmental units.

Fund Structure and Basis of Accounting

The financial activities of the Division are accounted for and reported on the basis of funds, which is considered to be a separate entity for accounting purposes. The operations of the Division are recorded in a Special Revenue Fund, which consists of a discrete set of self-balancing accounts that comprise the assets, liabilities, fund balance, revenues, and expenditures of the entity. Throughout the year, encumbrances are recorded. However, at fiscal year-end all encumbrances lapse and no reserve for encumbrances are reported. The accounts used for capital assets and long-term liabilities are not recorded in the Special Revenue Fund, but in a separate fund that is maintained on a statewide basis, and are not reflected in these statements. Information on capital assets and long-term liabilities is included in Note 4 and Note 6, respectively.

Governmental Fund

Special Revenue Fund

Transactions related to resources obtained from specific sources, which are restricted to specific purposes, are accounted for in the Special Revenue Fund. The Division's resources are obtained from specific gaming related activities such as license fees, application fees, and gaming taxes. These sources are restricted for specific uses as outlined in Section 12-47.1-701, C.R.S.

Because the Division's required reserve and the funds to be distributed to extended gaming recipients are specified in enabling legislation, the Colorado Constitution, the Division has restricted spending constraint fund balance classifications presented on the balance sheet.

Note 1 - Summary of Significant Accounting Policies (continued)

Basis of Accounting

The Division uses the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when both measurable and available. Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related fund liability is incurred, if measurable.

Budget

The Schedule of Revenues, Expenditures, and Changes in Fund Balance-Budget and Actual compares actual revenues and expenditures to those, which are legally authorized by state statute. The fiscal year 2014 revenue estimates were provided by the Division, based on the tax rate structure established by the Commission.

Each year, the Division submits to the Commission a proposed budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them. Public hearings are conducted by the Commission to obtain comments and approval. During the fiscal year, the approved budget may be modified due to roll-forward authorizations or other changes. The Commission must approve all long bill line item budget request changes. Appropriations lapse at fiscal year-end unless a roll-forward of the unexpended budget has been approved.

Total appropriations for the fiscal years are as follows:

	Years Ended June 30,					
	2014			2013		
Appropriations Supplemental appropriations	\$	15,269,257 (29,574)	\$	14,192,475 148,906		
Total appropriations	\$	15,239,683	\$	14,341,381		

Accrued Payroll

In accordance with Senate Bill 03-197, monthly salaries are to be paid as of the last working day of the month except the salaries for the month of June. These are to be paid on the first working day of July.

Subsequent Events

The Division has evaluated all subsequent events through October 31, 2014, which is the date the financial statements and supplemental schedules were available to be issued, and determined there were no subsequent events requiring additional disclosure.

Reclassifications

Certain amounts in the June 30, 2013 financial statements have been reclassified to conform to the current year's presentation.

Note 2 - Cash and Temporary Cash Investments

The Division deposits cash with the Colorado State Treasurer as required by C.R.S. The State Treasury acts as a bank for all State agencies and institutions of higher education, with the exception of the University of Colorado. Monies deposited in the State Treasury are invested until the cash is needed. Interest earnings on these investments are credited to the General Fund unless a specific statute directs otherwise. As of June 30, 2014 and 2013, the Division had cash held by the State Treasury of approximately \$84.8 million and \$85.3 million, respectively, which represents approximately 1.14% and 1.18% of the total \$7,445.0 million and \$7,260.8 million fair value of deposits in the State Treasurer's Pool (Pool).

The State Treasurer pools these deposits and invests them in securities approved by Section 24-75-601.1, C.R.S. The Division reports its share of the State Treasury's unrealized gains and losses based on its participation in the State Treasurer's pool. During the years ended June 30, 2014 and 2013, the Division's share of unrealized gain (loss) was \$230,341 and \$(1,017,934), respectively.

For financial reporting purposes, all of the Treasurer's investments are reported at fair value, which is determined based on quoted market prices at year-end. On the basis of the Division's participation in the Pool, the Division reports as an increase or decrease in cash its share of the Treasurer's unrealized gains and losses on the Pool's underlying investments. The State Treasurer does not invest any of the pooled resources in any external investment pool, and there is no assignment of income related to participation in the pool. The unrealized gain included in "Net Increase (decrease) in the fair value of investment" in the Statements of Revenues, Expenditures, and Changes in Fund Balance, reflects only the change in fair value during the current fiscal year. Additional information on the State Treasurer's pool may be obtained from the State of Colorado's Comprehensive Annual Financial Report.

Investments in the Treasurer's Pool are exposed to custodial credit risk if the securities are uninsured, are not registered in the state's name, and are held by either the counterparty to the investment purchase or the counterparty's trust department or agent but not in the state's name. As of June 30, 2014, none of the investments in the State Treasurer's Pool are subject to custodial credit risk.

Credit quality risk is the risk that the issuer or other counterparty to a debt security will not fulfill its obligations. This risk is assessed by national rating agencies that assign a credit quality rating for many investments. Credit quality ratings for obligations of the U.S. government or obligations explicitly guaranteed by the U.S. government are not reported; however, credit quality ratings are reported for obligations of U.S. government agencies that are not explicitly guaranteed by the U.S. government. Based on these parameters, as of June 30, 2014, approximately 87.0% of investments of the Treasurer's Pool are subject to credit quality risk reporting. Except for \$15,235,458 of corporate bonds rated lower medium and \$25,428,000 of corporate bonds rated very speculative, these investments are rated from upper medium to the highest quality, which indicates that the issuer has strong capacity to pay principal and interest when due.

Note 2 - Cash and Temporary Cash Investments (continued)

Interest rate risk is the risk that changes in the market rate of interest will adversely affect the value of an investment. In addition to statutory limitations on the types of investments, the State Treasurer's investment policy mitigates interest rate risk through the use of maturity limits set to meet the needs of the individual fund if the Treasurer is investing for a specific fund rather than the Pool. The Treasurer actively manages the time to maturity in reacting to changes in the yield curve, economic forecasts, and liquidity needs of the participating funds. The Treasurer further limits investment risk by setting a minimum/maximum range for the percentage of investments subject to interest rate risk and by laddering maturities and credit ratings. As of June 30, 2014, the weighted average maturity of investments in the Treasurer's Pool is 0.043 years for Commercial Paper (1.0% of the Pool), 1.424 years for U.S. Government Securities (55.8% of the Pool), 3.033 years for Asset Backed Securities (19.9% of the Pool), and 2.766 years for Corporate Bonds (23.3% of the Pool).

The Treasurer's Pool was not subject to foreign currency risk or concentration of credit risk in Fiscal Year 2014.

The temporary cash investments of \$370,800 and \$140,459 at June 30, 2014 and 2013, respectively, represent the cumulative unrealized net gain on cash and temporary cash investments and are not available for use in the gaming distribution calculation.

The Division receives interest payments from the State Treasurer's Office on cash held on behalf of the Division. During the years ended June 30, 2014 and 2013, \$439,289 and \$494,439, respectively, was earned on the average daily cash and temporary cash investments balances. During fiscal years 2014 and 2013, the State Treasurer paid interest at 0.96% and 1.07%, respectively, based on average annualized monthly interest rates.

Additional information on investments of the State Treasurer's Pool may be obtained in the state's Comprehensive Annual Financial Report for the year ended June 30, 2014.

Note 3 - Accounts Receivable

As of June 30, 2014 and 2013, the Division had accounts receivable balances of \$11,156,563 and \$11,359,359, respectively. At June 30, 2014 and 2013, the Division had \$11,147,333 and \$11,353,139 of gaming taxes receivable from 38 and 40 Colorado casinos, respectively. These receivables primarily represent June 2014 and 2013 gaming taxes, which were due on July 15, 2014 and July 15, 2013, respectively, and were subsequently collected by the Department of Revenue in July 2014 and 2013 on behalf of the Division. Based on past collection history with similar accounts, no allowance for doubtful accounts is deemed necessary by management.

Note 4 - Changes in Capital Assets and Accumulated Depreciation

Pursuant to the provisions of GASB Statement No. 34, *Basic Financial Statements-and Management's Discussion and Analysis - for State and Local Governments*, the Division's capital assets are reported only in the statewide financial statements. In addition, these capital assets are depreciated over their estimated useful lives, but depreciation expense is also reported only in the statewide financial statements.

Note 4 - Changes in Capital Assets and Accumulated Depreciation (continued)

All capital assets are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are stated at their estimated fair values on the date donated. The capitalization criteria for capital assets are \$50,000 for buildings and leasehold improvements, \$5,000 for furniture and equipment, and all land is capitalized regardless of cost. The purchase of stand-alone software is capitalized at \$5,000. Capital assets are depreciated using the straight-line method over the estimated useful lives of the related assets, which are 30 years for the buildings, five to ten years for leasehold improvements, furniture, equipment, and software.

The following is a summary of changes in the Division's capital assets to be included with governmental activities in the statewide financial statements:

Note 5 - Other Liabilities

Included in other liabilities are deposits and unearned revenue. Applicants applying for gaming licenses are required to remit deposits to the Division, which are used to perform background investigations of these applicants. These deposits are recorded as liabilities until the Division incurs expenditures to perform the background investigations or until any remaining balance is refunded to the applicant. Deposits of \$208,152 and \$198,526 at June 30, 2014 and 2013, respectively, represent background investigation deposits, as well as \$6,387 and \$6,314 of monies at June 30, 2014 and 2013, respectively, seized during criminal investigations or from gaming patrons, and are pending court order releases or adjudication.

Note 5 - Other Liabilities (continued)

The Division issues a two-year license to individuals who are subject to an investigative review on an annual basis. Beginning in August 2008, the Division began to stagger the issuance of two-year licenses to businesses as well. The fees for the second year of the license period are recorded as unearned revenue until the Division incurs the expense during the review period. As of June 30, 2014 and 2013, unearned license fees were \$225,760 and \$294,700, respectively, and included in other liabilities in the balance sheet.

Note 6 - Accrued Compensated Absences

Pursuant to the provisions of GASB No. 34, accrued compensated absences are only reported in the statewide financial statements.

All permanent employees of the Division may accrue annual and sick leave based on length of service. The accrued amount will be paid upon termination, subject to certain limitations. Annual leave and sick leave benefits consist of the following as of June 30, 2014:

	Annual Leave		Sic	k Leave	Total	
Balances, June 30, 2012 Increase Decrease	\$	466,657 309,681 (288,326)	\$	49,549 48,028 (45,562)	\$	516,206 357,709 (333,888)

Note 7 - Gaming Distributions

Limited Gaming Distribution

In accordance with Section 12-47.1-701, C.R.S., the balance remaining in the Limited Gaming Fund is to be transferred by the State Treasurer to the recipients of limited gaming revenues according to the following formula:

- 50% shall be transferred to the State General Fund, of which \$15,000,000 is to be given to the Colorado Travel and Tourism Promotion Fund; \$5,500,000 is to be given to the Bioscience Discovery Evaluation Grant Program; \$5,000,000 is to be given to the Local Government Limited Gaming Impact Fund; \$2,100,000 is to be given to the Innovative Higher Education Research Fund; \$2,000,000 is to be given to the Creative Industries Cash Fund, and \$500,000 is to be given to the Colorado Office of Film, Television, and Media Operational Account Cash Fund. Any amount of the State share that exceeds the transfers specified above shall be transferred to the General Fund.
- 28% to the Colorado State Historical Fund;

Note 7 - Gaming Distributions (continued)

Limited Gaming Distribution (continued)

- 12% to Gilpin and Teller Counties, in proportion to the gaming revenues generated in these respective counties; and
- 10% to the cities of Cripple Creek, Central City, and Black Hawk, in proportion to the gaming revenues generated in these respective cities.

The amount to be distributed is derived from revenues collected by the Division during the fiscal year after payment of operating expenditures of the Division and other regulatory expenditures, except for an amount equal to expenditures for the last two-month period of the fiscal year. As of June 30, 2014 and 2013, the amount calculated as reserved fund balance by the Division based on expenditures for the preceding two-month period was \$2,335,805 and \$2,308,664, respectively. In addition, \$331,952 and \$135,459 as of June 30, 2014 and 2013, respectively is restricted for the unrealized gain on investments.

On August 28th, 2014, the Commission approved the limited gaming distribution of \$83,840,370 for the fiscal year ended June 30, 2014 in accordance with Section 12-47.1-701, C.R.S. On August 22nd, 2013, \$84,404,267 was approved as the 2013 limited gaming distribution. The limited gaming distributions are summarized as follows:

Note 7 - Gaming Distributions (continued)

Extended Gaming Distribution

The voters of Colorado passed Amendment 50 on November 4, 2008. In summation, this amendment allows Colorado casinos to offer \$100 maximum bets, offer the games of craps and roulette, and remain open for 24 hours. This is now referred to as extended gaming. The tax revenues attributable to the implementation of Amendment 50 will be distributed as follows:

- 78% to the State's Public Community Colleges, Junior Colleges, and Local District Colleges;
- 12% to Gilpin and Teller Counties, in proportion to the tax revenues generated in the respective counties; and
- 10% to the cities of Cripple Creek, Central City, and Black Hawk, in proportion to the tax revenues generated in the respective cities.

The following are definitions necessitated by the passage of Amendment 50:

- 1) "Extended gaming" means subsection (7) of section 9 of article XVIII of the State constitution as approved by statewide voters on November 4, 2008, and subsequently approved by voters in the cities of Black Hawk, Central City, and Cripple Creek;
- 2) "Extended gaming revenues" mean the "limited gaming tax revenues attributable to extended limited gaming" as defined by Section 12-47.1-701.5(4)(d), C.R.S.; and
- 3) "Limited gaming revenues," mean the gaming tax revenues attributable to the operation of limited gaming prior to extended gaming.

In accordance with House Bill 09-1272, there will be a determination of tax revenues and expenditures attributable to extended and limited gaming.

- 1) After the end of each fiscal year ending June 30, the Commission shall determine limited gaming revenues by multiplying the amount of limited gaming revenues collected during the previous fiscal year by a factor of 3% and adding that amount to the amount of limited gaming revenues collected during the previous fiscal year. If the annual increase in total gaming tax revenues is less than 3%, either positive or negative, limited gaming revenues shall be the amount of limited gaming revenues collected during the previous fiscal year multiplied by a factor of the actual percentage of annual growth or decline in total gaming tax revenues. That amount shall be added or subtracted from the amount of limited gaming tax revenues collected during the previous fiscal year.
- 2) After the end of each fiscal year ending June 30, the Commission shall determine extended gaming revenues by subtracting the amount of limited gaming revenues from the amount of total gaming tax revenues collected during the fiscal year.
- 3) After the end of each fiscal year ending June 30, the Commission shall determine extended gaming expenses by multiplying the total of all expenses of the Commission and other State agencies for the fiscal year by the percentage of total limited gaming revenues attributable to extended gaming revenues.

Note 7 - Gaming Distributions (continued)

Extended Gaming Distribution (continued)

The original or Limited Gaming Fund recipients will receive an annual adjustment of the lesser of 6%, or the actual percentage, of annual growth in extended gaming revenues. For fiscal year 2014, the actual annual increase is 0.71%, which is the lesser of 6%. The annual adjustment amount attributable to this actual annual increase for fiscal year 2014 is \$68,617.

On August 28th, 2014, the Commission approved the extended gaming distribution of \$8,379,002 for the fiscal year ended June 30, 2014, in accordance with Section 12-47.1-701.5 C.R.S. On August 22nd, 2013, \$8,282,548 was approved as the 2013 extended gaming distribution. These amounts were transferred to the Extended Gaming Fund at each fiscal year end as follows:

		June 30,

Golden Office

In May 2010, the Division entered into a lease agreement with a third party to lease office space at 17301 W. Colfax Avenue, Golden, Colorado. The lease began in September 2010 with an initial term of ten years. Lease expense for the years ended June 30, 2014 and 2013 were \$283,345 and \$265,087, respectively.

Sunset Review

Under Section 12-47.1-206 C.R.S., the Division is subject to a "sunset" law, which provides that the Division's existence is to terminate on a specified date. Sunset laws require the General Assembly to periodically review, and update as necessary, the laws that create entities such as the Division. During fiscal year 2013, a sunset review was completed, the law was amended, and the sunset date was extended to September 1, 2022. The Division's existence will continue after September 1, 2022, only through the passage of a bill by the General Assembly.

Licensing System

In December 2004, the Division entered into a three-year contract with a third party for maintenance and service of the Division's regulatory licensing and document imaging computer system. In November 2011, the Division entered into a fourth amendment of the original three-year contract, which extended the option to renew the maintenance and service agreement through November 2012. In December 2012, the Division entered into a new one-year agreement, now on a fiscal year basis, for the maintenance through June 2013. In July 2013, the Division entered into a new one-year agreement for maintenance through June 2014. During fiscal years 2014 and 2013, the Division expended \$34,650 and \$36,982, respectively, under this contract.

Note 9 - Pension Plan

Plan Description

Most of the Division's employees participate in a defined benefit pension plan. The plan's purpose is to provide income to members and their families at retirement or in case of death or disability. The plan is a cost sharing multiple employer plan administered by the Public Employees' Retirement Association (PERA). PERA was established by state statute in 1931. Responsibility for the organization and administration of the plan is placed with the Board of Trustees of PERA. Changes to the plan require an actuarial assessment and legislation by the General Assembly.

The state plan and other divisions' plans are included in PERA's financial statements, which may be obtained by writing PERA at PO Box 5800, Denver, Colorado 80217, by calling PERA at 1-800-759-PERA (7372), or by visiting http://www.copera.org.

Non-higher education employees hired by the State after January 1, 2006 are allowed 60 days to elect to participate in a defined contribution retirement plan administered by the State Deferred Compensation Committee rather than becoming a member of PERA. If that election is not made, the employee becomes a member of PERA, and the member is allowed 60 days from commencing employment to elect to participate in a defined contribution plan administered by PERA rather than the defined benefit plan.

Prior to legislation passed during the 2006 session, higher education employees may have participated in social security, PERA's defined benefit plan, or the institution's optional retirement plan. Currently, higher education employees, except for community college employees, are required to participate in their institution's optional plan, if available, unless they are active or inactive members of PERA with at least one year of service credit. In that case, they may elect either PERA or their institution's optional plan. Community college employees

Plan Description (continued)

hired after January 1, 2010, are required to become members of PERA and must elect either PERA's defined benefit or defined contribution plan with 60 days, unless they had been a PERA member within the prior twelve months. In that case, they are required to remain in the PERA plan in which they participated previously.

PERA members electing the defined contribution plan are allowed an irrevocable election between the second and fifth year to use their defined contribution account to purchase service credit and be covered under the defined benefit retirement plan. However, making this election subjects the member to the rules in effect for those hired on or after January 1, 2007, as discussed below. Employer contributions to both defined contribution plans are the same as the contributions to the PERA defined benefit plan.

Defined benefit plan members (except state troopers) vest after five years of service and are eligible for full retirement based on their original hire date as follows:

- Hired before July 1, 2005 age 50 with 30 years of service, age 60 with 20 years of service, or age 65 with 5 years of service.
- Hired between July 1, 2005 and December 31, 2006 any age with 35 years of service, age 55 with 30 years of service, age 60 with 20 years of service, or age 65 with any years of service.
- Hired between January 1, 2007 and December 31, 2010 any age with 35 years of service, age 55 with 30 years of service, age 60 with 25 years of service, or age 65 with 5 years of service. For members with less than five years of service credit as of January 1, 2011 age and service requirements increase to those required for members hired between January 1, 2007 and December 31, 2010.
- Hired between January 1, 2011 and December 31, 2016 any age with 35 years of service, age 58 with 30 years of service, age 65 with 5 years of service.
- Hired on or after January 1, 2017 any age with 35 years of service, age 60 with 30 years of service, or age 65 with 5 years of service.

Members are also eligible for retirement benefits without a reduction for early retirement based on their original hire date as follows:

- Hired before January 1, 2007 age 55 with a minimum of 5 years of service credit and age plus years of service equals 80 or more.
- Hired between January 1, 2007 and December 31, 2010

 age 55 with a minimum of 5 years of service credit and age plus years of service equals 85 or more. Age plus years of service requirements increase to 85 for members with less than five years of service credit as of January 1, 2011.

Note 9 - Pension Plan (continued)

Plan Description (continued)

- Hired between January 1, 2011 and December 31, 2016 age 58 and age plus years of service equals 88 or more.
- Hired on or after January 1, 2017 age 60 and age plus years of service equals 90.

Members automatically receive the higher of the defined retirement benefit or money purchase benefit at retirement. Defined benefits are calculated as 2.5% times the number of years of service times the highest average salary (HAS). For retirements before January 1, 2009, HAS is calculated as one-twelfth of the average of the highest salaries on which contributions were paid, associated with three periods of 12 consecutive months of service credit and limited to a 15% increase between periods. For retirements after January 1, 2009, or persons hired on or after January 1, 2007, more restrictive limits are placed on salary increases between periods used in calculating HAS.

Retiree benefits are increased annually in July after one year of retirement based on the member's original hire date as follows:

- Hired before July 1, 2007 the lesser of 2% or the average of the monthly Consumer Price Index increases.
- Hired on or after January 1, 2007 the lesser of 2% or the actual increase in the national Consumer Price Index, limited to a 10% reduction in a reserve established for cost of living increases related strictly to those hired on or after January 1, 2007. (The reserve is funded by 1 percentage point of salaries contributed by employers for employees hired on or after January 1, 2007.)
- The upper limits on benefits increase by one-quarter percentage point each year when the funded ratio of PERA equals or exceeds 103% and declines by one-quarter percentage point when the funded ratio drops below 90% after having exceeded 103%. The funded ratio increase does not apply for three years when a negative return on investment occurs.

Members who are disabled, who have five or more years of service credit, six months of which has been earned since the most recent period of membership, may receive retirement benefits if determined to be permanently disabled. If a member dies before retirement, their eligible children under the age of 18 (23 if a full time student) or their spouse may be entitled to a single payment or monthly benefit payments. If there is no eligible child or spouse then financially dependent parents, beneficiaries, or the member's estate, may be entitled to a survivor's benefit.

Funding Policy

The contribution requirements of plan members and their employers are established, and may be amended, by the General Assembly. Salary subject to PERA contribution is gross earnings less any reduction in pay to offset employer contributions to the state sponsored IRC 125 plan established under Section 125 of the Internal Revenue Code.

Note 9 - Pension Plan (continued)

Funding Policy(continued)

Most employees contribute 8.0% of their salary, as defined in CRS 24-51-101(42), to an individual account in the plan. Effective July 1, 2012, the temporary contribution rate increase of 2.5% for members in the State and Judicial Divisions to replace the 2.5% reduction in employer contributions effective for fiscal years 2011 and 2012 expired.

From July 1, 2013, to December 31, 2013, the State contributed 16.55% of the employee's salary. From January 1, 2014, through June 30, 2014, the state contributed 17.45%. During all of fiscal year 2014, 1.02% of the employees' total salary was allocated to the Health Care Trust Fund.

Per Colorado Revised Statutes, an amortization period of 30 years is deemed actuarially sound. At December 31, 2013, the division of PERA in which the State participates has a funded ratio of 57.5% and a 60-year amortization period based on current contribution rates. The funded ratio on the market value of assets is slightly higher at 61%.

In the 2004 and 2010 legislative sessions, the General Assembly authorized an Amortization Equalization Disbursement (AED) to address a pension-funding shortfall. The AED requires PERA employers to pay an additional 0.5% of salary for calendar years 2006 and 2007, with subsequent year increases of 0.4% of salary through 2017, to a maximum of 5%.

In the 2006 and 2010 legislative sessions, the General Assembly authorized a Supplemental Amortization Equalization Disbursement (SAED) that requires PERA employers to pay an additional one half-percentage point of total salaries, for calendar years 2008 through 2017, to a maximum of 5%. The SAED will be deducted from the amount otherwise available to increase State employees' salaries.

At a 103% funding ratio, both the AED and SAED will be reduced by one-half percent point, and for subsequent declines to below 90% funded both the AED and SAED will be increased by one-half percentage point.

Historically members have been allowed to purchase service credit at reduced rates. However, legislation passed in the 2006 session required, that future agreements to purchase service credit be sufficient to fund the related actuarial liability.

The Division's contributions to PERA and/or the State defined contribution plan for the fiscal years ending June 30, 2014, 2013 and 2012 were \$866,212, \$788,185, and \$605,677, respectively. These contributions met the contribution requirement for each year.

Note 10 - Other Retirement Plans

Defined Contribution Plan

The PERA Defined Contribution Retirement Plan was established January 1, 2006, as an alternative to the defined benefit plan. All employees, with the exception of certain higher education employees, have the option of participating in the plan. At July 1, 2009, the State's administrative functions for the defined contribution plan were transferred to PERA. New member contributions to the plan vest from 50% to 100% evenly over 5 years. Participants in the plan are required to contribute 8% of their salary. The temporary contribution rate increase to 10.5% effective in fiscal years 2011 and 2012 expired on July 1, 2012. At December 31, 2013, the plan had 4,719 participants.

<u>Deferred Compensation Plan</u>

The PERA Deferred Compensation Plan (457) was established July 1, 2009, as a continuation of the State's deferred compensation plan which was established for state and local government employees in 1981. At July 1, 2009, the State's administrative functions for the 457 plan were transferred to PERA, where all costs of administration and funding are borne by the plan participants. In calendar year 2013, participants were allowed to make contributions of up to 100% of their annual gross salary (reduced by their 8% PERA contribution) to a maximum of \$17,500. The reduction for the 8% PERA contribution reflects the expiration of the temporary contribution rate increase to 10.5% effective in fiscal years 2011 and 2012. Participants who are age 50 and older, and contributing the maximum amount allowable, were allowed to make an additional \$5,500 contribution in 2013, for total contributions of \$23,000. Contributions and earnings are tax deferred. At December 31, 2013, the plan had 17,462 participants.

Note 11 - Voluntary Tax-Deferred Retirement Plans

PERA offers a voluntary 401k plan entirely separate from the defined benefit pension plan. The State offers a 457 deferred compensation plan and certain agencies and institutions of the State offer 403(b) or 401(a) plans.

Note 12 - Other Post Employment Benefits and Life Insurance

Health Care Plan

The PERA Health Care Program began covering benefit recipients and qualified dependents on July 1, 1986. This benefit was developed after legislation in 1985 established the Program and the Health Care Fund; the program was converted to a trust fund in 1999. The plan is a cost-sharing multiple-employer plan under which PERA subsidizes a portion of the monthly premium for health care coverage.

The benefits and employer contributions are established in statute and may be amended by the General Assembly. PERA includes the Health Care Trust Fund in its Comprehensive Annual Financial Report, which may be obtained by writing PERA at PO Box 5800, Denver, Colorado 80217, by calling PERA at 1-800-759-PERA (7372), or by visiting http://www.copera.org.

Note 12 - Other Post Employment Benefits and Life Insurance (continued)

Health Care Plan (continued)

After the PERA subsidy, the benefit recipient pays the balance of the premium through an automatic deduction from the monthly retirement benefit. Monthly premium costs for participants depend on the health care plan selected, the PERA subsidy amount, Medicare eligibility, and the number of persons covered. Effective July 1, 2000, the maximum monthly subsidy is \$230 per month for benefit recipients who are under 65 years of age and who are not entitled to Medicare and \$115 per month for benefit recipients who are 65 years of age or older or who are under 65 years of age and entitled to Medicare. The maximum subsidy is based on the recipient having 20 years of service credit, and is subject to reduction by 5% for each year less than 20 years.

Employees are not required to contribute to the Health Care Trust Fund, which is maintained by employer's contributions as discussed above in Note 9. Beginning July 1, 2004, state agencies are required to contribute 1.02% of gross covered wages to the Health Care Trust Fund. The Division contributed \$53,822, \$51,739, and \$50,955, as required by statute in fiscal years 2014, 2013, and 2012, respectively. In each year, the amount contributed was 100% of the required contribution.

The Health Care Trust Fund offers two general types of plans: fully insured plans offered through health care organizations and self-insured plans administered for PERA by third party vendors. As of December 31, 2013, there were 53,041 enrolled participants, including spouses and dependents, from all contributors to the plan. At December 31, 2013, the Health Care Trust Fund had an unfunded actuarial accrued liability of \$1.26 billion, a funded ratio of 18.8%, and a 30-year amortization period.

Note 13 - Risk Management

The Division participates in the State Risk Management Fund, which covers general liability, motor vehicle liability, workers' compensation and property claims. Agency premiums are based on an assessment of risk exposure and historical experience. Liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claim liabilities depend on such complex factors as inflation, change in legal doctrines and damage awards, the process used in computing claim liabilities does not necessarily result in an exact amount. Claim liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors.

There were no significant reductions or changes in insurance coverage from the prior year. Settlements did not exceed insurance coverage in any of the past three fiscal years.

Note 14 - Related-Party Transactions

The Division, as an agency of the State of Colorado, paid fees to the State for auditing, investigative, and legal services, and other direct and indirect expenses incurred. Interagency charges consist of the following:

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Legislative Audit Committee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Division of Gaming, a special revenue fund of the Department of Revenue, State of Colorado (the Division), as of and for the year ended June 30, 2014, and the related notes to the financial statements and have issued our report thereon dated October 31, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Division's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Division's internal control. Accordingly, we do not express an opinion on the effectiveness of the Division's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Division's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Required Communications to the Legislative Audit Committee

To the Members of the Legislative Audit Committee

Division of Gaming, Department of Revenue, State of Colorado

We have audited the financial statements of the Division of Gaming, a special revenue fund of the Department of Revenue, State of Colorado (the Division), as of and for the year ended June 30, 2014, and the related notes to the financial statements. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 28, 2014. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Division are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2014. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no accounting estimates affecting the financial statements which were particularly sensitive or require substantial judgments by management.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any financial statement misstatements detected as a result of audit procedures or any uncorrected financial statement misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 31, 2014.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the required supplementary information (RSI) accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the RSI to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the RSI is appropriate and complete in relation to our audit of the financial statements. We compared the RSI for consistency with management's responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we did not express an opinion or provide any assurance on the RSI.

This communication is intended solely for the use of Members of the Legislative Audit Committee and management of Division of Gaming, Department of Revenue, State of Colorado and is not intended to be, and should not be, used by anyone other than these specified parties.
